

**“He was the one who rebuilt Elath and restored it to Judah after Amaziah rested with his fathers.”**

– 2 Chronicles 26:2 –

One of the phrases that really convicts my heart is, “You are not successful if you do not have a successor.” To me, having a successor is proof that you are living an unselfish life. If you have no ulterior motivation but to love God and to love people, you will want God’s kingdom to expand even after you die. As we all know, everyone dies. Who is going to take your place? Before we even ask that question, let’s ask, “What is your place?” List family obligations, ministries you are a part of, ministries you support, etc. If you can’t think of anything, perhaps you need to reanalyze your life and ask yourself the following questions: Am I uncommitted? Am I selfish? Am I about the Father’s business? Is there something more God want me to do with my life? Perhaps you need to rededicate your life to Christ right now.

**In Ephesians 4:11-13, Paul instructs us to equip the saints to do the work of the ministry.** Currently, who are you equipping? What is your process and strategy to equip? Where are you in your timeline to equip replacements? Is everything written down so your transition to heaven is seamless and painless?

**Finding the right person.** Start praying for the right person. Find a person who has a proven track record, not a novice. Begin now to surround yourself with the right people. Ask God to give you divine appointments. Keep your eyes open. Talk to them about it.

**Financially** I want to invest in God’s kingdom so that, when I am in heaven, I can see on-going fruit from our ministry. I want to see God’s kingdom multiplied through the people we poured into. What are your eternal investments? Will your successors be loaded with debt or monthly payments that are overly strenuous because you were ill-prepared? Do you have ongoing passive income streams that will continue on when you leave this earth? **Do they understand the mission enough to take it to the next level?** I believe that where I end up is where my children will start. Where will you end up? Do they have the passion to continue on the mission and even take it to the next level?

**Before you rest, you need to be responsible to pass the baton to people who are ready, passionate, committed and trained.**

*Write down a list of people and the parts they have to play to keep the calling going.*

**Tomas** is a six-year-old boy who loves to study and is well behaved. He was rescued when he was fifteen hours old. His mother doesn’t have anything to do with him. He is very happy with us and is a blessing from God.

# Honduras Highlights

**Report from Teresa** Thank you, Jesus, our children are doing good. We caught a hundred fish yesterday. Our kids were so happy to help clean the fish, fry it, and eat until they got full. Thanks to Jesus and Oscar for making this possible. Also, we bought another cow and her heifer. And, we have sixty new chickens and turkeys, PTL.

The kids are learning to keep their home and school clean by picking up trash and not leaving their clothes everywhere. Christian, our missionary from Washington, is leading that operation. Our place looks very nice. Three days ago, we started remodeling the babies dorm. The girls are sharing their dorm with the babies. This updated building will be very nice.

Our school is still growing. We started with a hundred children this February. Now we have 120 children, and they still signing up. We are so privileged to be able to host so many children from the community. There are pastors and wealthy people from the surrounding areas who don't mind paying for their children to go school. Our children are very excited to have more kids from outside our orphanage to play with.

Our partner orphanage from Puerto Cortes came with ninety children. We like them to visit our children and have soccer tournaments.

This next two weeks we will be very busy with two mission groups from Wisconsin and South Dakota. I'm very excited because, for the first time, we will have a medical crusade in our new medical clinic. We have a medical team coming from Wisconsin. Poor people from the community and churches are very excited.

Thank you, partners, for your support and prayers. Without your help, it would be very hard to keep going. Hugs from me and our children.

**Medical clinic will be used for the first time** A mission group from Elkhorn, WI is coming for a second time this year. Pastor Kurt Verhoeven, who is my longest-term friend, is bringing a group of people, including a medical doctor. Please pray for many people to be helped through their love and medical experience.

**Wow!!! City of Refuge school doubles in one semester** We went from sixty students to 120 students in one semester. Some of the students are subsidized, but we know that bilingual Christian education breaks poverty. We have children on the bus for an hour coming to our school. We also have many more new applications coming. Why are they choosing our school? We have good discipline, great teachers, air conditioning, a soccer field and a water park, and we teach them about Jesus and the Bible.

**Pray for us - we have an immediate need to build a school**

The good news is we are growing; the bad news is we need to build a school. We thank God for our friends who have already given \$5,000 as seed money to start building the school. We have four phases. Phase 1: We are temporarily going to have classes in two of our retail business spaces. Phase 2 through 4: We have three locations to build the school. Currently, we are getting bids to start building. Once the bids are in, we will begin construction. To help us, mark **school** on your offering.

**Multi-purpose building** Glory!!! The building has made much progress. As of March 4th, they have nearly finished the roof of this 5,400 square-foot building and have almost finished the plastering. All that is left are the doors, windows, electrical, plumbing, priming and painting. This is the second largest building that we have built so far. We estimate to be finished by the end of April.

We have two large rooms and three medium-sized rooms. The largest room will be for our wrestling mat and will also have enough room for some weights. We will also be using this for classrooms. The second largest room will be our exercise and weight room. Our vision is to raise up Olympic athletes. The other three rooms that are about 900 square feet will be used for (1) a sewing and cutting room to make clothes, (2) a donation room, and (3) a play area for the kids that will have ping pong, foosball, puzzles, board games, air hockey, etc. It will be supervised so the games will not be wrecked.

**I am a slow learner** For the last three years, 90% of our students have been our own children from the orphanage. But two things happened. We began partnering with a powerful ministry from Puerto Cortes which has a school with 250 students. This school is the best one in their very large city. But what sealed it was watching Ben Carson share at the National Prayer breakfast about the importance of education. Because of my experience in our ministry that our best volunteers and givers have only a high school education, I began to think that most advanced education produced little in ministry. In America, if you work hard and perfect your business, you will prosper, have more free time and be able to do great things for God. But in third world countries, it is indeed true that people who are educated and bilingual have a jump start on the rest of the population. So bilingual Christian education is one of our top priorities from now on.

**An exciting side benefit** I think the increased number of students and our new emphasis on education has put a fire in the hearts of our kids. I now see many of our kids doing homework and studying. They are beginning to understand that education is a key to success. With chapel almost everyday, 120 young people are learning about the things of God.

**To sponsor a poor child to go to school, it's \$20 per month or \$200 a year** 100% of the monies goes to the school, ZERO to Tom and Teresa. You will get updates and emails from the children. If you believe in education, then you get the great opportunity to help a child change the world.

# Honduras Highlights

**Sponsor a child to go to college** Currently, Adriana, our eldest daughter in the orphanage (whose mother and sisters are prostitutes), is in her second year of medical school. IMI is looking for five sponsors for \$100 a month or two sponsors for \$250 a month or one sponsor for \$500 a month. Please pray about helping Adriana become a doctor. Mark *Adriana* on your check to help with her education.

**Kiosk expansion is finished!!!** Thanks to the school and missionaries, our kiosk is making a profit after only three months. Praise God! We just brought down two juicers and one coffee machine. We also are shipping an ice cream maker in a container. Hallelujah!

**IMI is sending two containers** The first will have an ice cream maker, cultivator, corn planter, a gator and a full-size wrestling mat. The second will contain a workout gym for our kids, students in our school, missionaries, workers and people in the community.

**March mission trip** We were blessed to have Caruth Construction, our largest donor in 2014, come and check out the City of Refuge. Tom and his sister, Tina, came and were so encouraging to us. They had pledged to help us for another year despite never having personally gone to Honduras. After seeing the city, they knew that their donations were being invested in a good place. We thank God for their sacrifice and that God gave them record business income last year. Proverbs 19:17 says that he who gives to the poor lends to the Lord and He will repay.

**IMI plans to build apartment buildings for widows and orphans** We are currently getting our blueprints made up and will be receiving bids to build our new apartment buildings. The plan is to provide housing for: widows who could establish family-type environments for some of our children to live with them • our adult children who will choose to live and work with us • our workers and their families as part of their wages • poor people in our church • good people who live in the garbage dumps or poor areas.

**IMI submitting bids on more properties**

**Property #1** We are looking at an eight-acre parcel that is very narrow in width, but it takes twenty minutes to walk the length. It's already fenced in and we could use it for pasture for the animals. They are asking \$40,000 and I am going to offer them \$30,000. If we purchase the land, we will initially graze our livestock, and secondly, cut the trees and shrubs out. Then, we will dig a well, buy a pump and PCV pipes, and plant fruit trees. Finally, we would build a small farmhouse and redo the fence to be able to add poultry.

**Property #2** This 32-acre parcel, directly across the river, was selling for \$500,000. The seller told me he would drop the price to \$180,000. It is fully irrigated and includes the irrigation system. Most of the land is flat and is perfect for crop farming. May the Lord's will be done.

**We made our eighth payment of \$6,000 for the 52 acres and a house** We have sixteen payments left to pay off this property. The cattle are enjoying the 52 acres of food. If you would like to donate towards the land, please mark *land* on your offering.

**Water park for the Day of Play is finished!!!** The prophetic word is coming to pass despite taking minor criticisms for building a water park which was paid for with monies from the sale of a house that Teresa and I owned. Churches are lining up to rent our facility. Go figure – more money for the orphans. How sad that I get persecuted more from God's people than the devil's people! But it's worth it to help people.

**Heart to Heart becomes our first partner for the Day of Play**

Our desire is to invite orphanages from all over Honduras to come for a Day of Play to create healing through joyful experiences. Many orphanages don't have generous donors like IMI, so it is our privilege to bless the poorest of the poor.

**March agricultural report** Jesus said, *"This is to my Father's glory that you bear much fruit..."*

**Fencing** We sent \$6,500 to fence in the new property. It will be finished by mid-March. We now have fenced or walled in 218 acres. A year ago,

there were only twenty acres fenced in. The fencing of 2.5 acres for our turkeys and chickens allows them to have free grazing. After building the barns, we will greatly expand our poultry operation.

**Chickens** Do you know that the City of Refuge consumes 2,000 eggs a month? In the next quarter, with God's help, we are going to resolve that problem. We have fenced in 2.5 acres for two types of chickens: egg-laying and meat production. We are building a \$6,500 barn for the egg-laying chickens. We will start with a hundred chicks, and then wait a month, and buy another hundred chicks. That should yield our first goal of 2,000 eggs a month. We just bought fifty chickens to raise for meat consumption as they multiply and we are building a chicken pen for them. Also, we will put fences around the fruit trees to allow the chickens to feed on the bugs, weeds and grass and to fertilize the trees.

**Turkeys** We had four new baby turkeys and they are almost as big as their parents. We have increased their pen size to 2.5 acres. I also sent \$140 to buy more turkeys. Turkeys are very rare in Honduras. I believe one day we will be the number one producer of turkeys.

**Sheep** We just had a baby lamb and a number of our ewes are pregnant. We now have forty sheep. A year ago, we had zero. Our next step is to buy more sheep.

**Goats** Our new goats have arrived and we are excited. Perhaps the most expensive

breed of goats I heard of is from South Africa called the Boer. We bought 25 goats and have already had three babies. So the flock is growing. Now we have approximately 34 goats. A year ago, we had zero. Our next step is to set up a milking station to milk the goats. We also need to build a bigger pen to house the goats.

**Cattle** Our calves are growing and five to six of our females are pregnant. We have also purchased a cow and a calf from Pastor Julio. We have approximately 25 head of cattle. A year ago, we had zero.

**Corn and beans** Our corn is knee high. Thank God we invested in irrigation or we wouldn't have anything happening in agriculture during the dry season. Our next step will be to cut down the small trees and weeds and pick rocks on ten acres besides the seven to eight acres that is ready for planting. The second step is to buy PCV pipe and the third is to buy an irrigation pump for 62 acres of irrigation. We will be quadrupling our corn and bean harvest which will enable us to feed 2,000 people and sell the extra corn and beans to buy other food for our orphans. Did you know that we can have three crops a year?

**Watermelon and vegetables** We are planting watermelon and cucumbers for the first time. We have also started planting potatoes, beets (yuck) and yucca.

*Tom and Tina are very good friends of ours. When they came to visit our orphanage, we also went out to the garbage dump to minister. We took our children from the orphanage with us to help distribute food to the people of the dump. Now they can value what they have.*

**Major new partnership – wow!** We met with the founder of Heart to Heart, out of Puerto Cortez, along with five of their key leaders. We housed them and they loved the City of Refuge. As partners together, we are setting up a school and evangelistic outreach in a very poor area of Honduras with 15,000 people. The goal will be to reach kids through education and Bible study. IMI is responsible for constructing the building. My wife is emailing the blueprints of the building plans. Our first payment will arrive in May. Please pray for this important outreach. We are combining four ministries to make this happen.

**Help for Orphans & Widows Worldwide – Guatemala report**

*Here is a testimony of a young girl to whom we have ministered for eight years:* "My name is Jaquelin M. Buesol and I am fifteen years old. Before learning about who God really is through the HOWW ministry, my life had very little meaning or purpose. My father abandoned my two brothers and me. My mom took us to live at my grandparents' house to be raised by them. My grandparents told me that my job was to take care of and raise my two little brothers. Since the HOWW ministry team started giving us food to eat and teaching us the Word of God, I have given my life to Jesus and feel like, for the first time in my life, I have a reason to live and to continue learning more about God. The HOWW ministry gave me the first Bible I have ever had, and they have encouraged me to look for God's blessings in my life."

**IMI adds nine new children in Liberia**  
Because of the Ebola breakout, nine more children moved to the orphanage. It won't be long and we will need another \$25,000 to build a boys orphanage. The needs are great in this world and we need a big God to help us.

**Thank you, Jesus, for salvation of souls** In February, we had hundreds of people receive Jesus, especially in Hawaii and California.

**Do you know** of a church, organization or ministry that would like to have Teresa, my son, daughter or an IMI representative come to minister? Call me at **(612)202-6064** if you know anyone who may be interested in having us.

Call **Tom** at **(612)202-6064** or contact **Teresa** through our listing on [www.vrbo.com](http://www.vrbo.com) West Union, IA.

**Do you have a snowmobile, car, truck, furniture, etc. to donate?**

Why not feed children with the things you have laying around your property? A good friend of ours donated a truck and we were able to feed 100 children in one month. Call **Tom**, if you are interested, at **(612)202-6064**.

**IMI preparing to print our own T-shirts**

We are excited to partner with a long-term friend from Chicago to print our own T-shirts. Please pray for Blanca. We have a T-shirt printer and we are going to get it fixed for \$2,000. Again, another step to achieving an income stream to help children.

**Finances** "Financial freedom is available to those who learn about it and work for it." – Robert Kyosaki People study sports, rock stars and hobbies, but after college, most people don't study finances, businesses, or investing. With 50% of Americans being so poor and not even having the resources to bury themselves, we definitely need some help in this area. We have two very good financial planners listed in this newsletter. Ignorance is not bliss when it comes to finances. If there was no Social Security, could you survive? Depending on the government puts you in a position of depending on ungodly sources to survive.

**Bibles for Pakistan** is a ministry founded by Brian and Cathy Gray in Lihue, Hawaii. Some of you are familiar with Brian's Impact update videos of the City of Refuge in Comayagua, Honduras. We are both excited and grateful to announce our partnership with Impact Ministries International. Pakistan is a predominately Muslim country and Pakistani Christians represent just 3% of the entire population of two hundred million. As a result, they face daily persecution, i.e. bombings, beheadings and having their houses burned to the ground, with little or no protection from government authorities. Still they remain committed and undeterred from preaching the gospel to all of Pakistan. As our friend – Amir Rafiq of True Light Ministries in Lahore, Pakistan – says, "We don't care if they cut our heads; we will not stop preaching the gospel!" True Light Ministries has a goal of putting a Bible in the hands of every Pakistani. It costs \$5.50 to print a Bible in the Native Urdu language.

Rescuing families from "brick kiln slavery" is our most recent activity. Brick kiln slavery is a form of indenturement whereby a factory owner provides a loan to a desperate family with the understanding that the principle and interest will be worked off in the brick kiln. The owners impose other costs, i.e. rent and food costs, thus making it almost impossible to both survive and pay off the debt. These families are doomed to a life of slavery unless an outsider pays off their debt. Even then, many of these factory owners may become violent, making rescue attempt dangerous. Stay tuned as this part of our ministry grows.

Please pray for us, follow us on Facebook and, if God puts it in your heart, support us as we pray for and support our newfound brothers and sisters in the Pakistani Christian community.

## The story of Lixi and her three sisters

*Two years ago on July 3rd, we rescued Nicol, now 8; Jubi, 4; and two-year-old twins, Lixi and Angie from a horribly abusive home. The mother would starve the girls, beat them, and dunk their heads in a bucket of water when they cried. The girls were left alone for many days at a time and, sometimes, were left with strange men in the house. When their poor aunt went to get help from social services and the police, they gave her the same answer, "Sorry we cannot help you - don't come to us." Luckily, somebody told her about us. When our lawyer went to their house, she found them hiding in a corner. She cried seeing the horrible conditions that the girls had been living in. Nicol had been like the mother for the younger children, taking care of them all that time.*

*Lixi was dying of starvation, and her body was covered with bruises inflicted by her mother. She stayed at the hospital for two months and her recovery required 24/7 care for a year. Now, she has a normal life. She plays and eats everything and smiles all the time. Lixi and her little twin sister, Angie, are very happy and healthy and cute. Jubi is in kindergarten and Nicol is in first grade. Thank you, Jesus, for the opportunity we've had to be a blessing to these four little girls.*

### Marriage Tip by Teresa Stamman

Our main advice for newlyweds is to plan forward and look back only to the good times. Everybody has their rough spots, but if everything is focused on past hard times, your marriage can become like an albatross. Remember and revel in your successes. Ignore the times when you failed. Don't look at problems in order to place blame, but only to find solutions. Love is like a boomerang.

Throw it at your spouse and you'll find it coming right back at you.

"My sheep know me and hear my voice and follow me." That is something Jesus said. He is the Shepherd, and we are His sheep (John chapter 10). And sheep always know the voice of their shepherd to be able to follow him. I have a really good friend who was in Africa one time. She was leaving her hotel room and realized she left her key in the room and couldn't lock the door. She heard a voice in her thoughts telling her not to get the key and that God would protect her things, but decided she really did need the key and went back in. The floor was slippery and she fell, breaking her arm. It was broken so badly, she had to fly home right away to have surgery on it!

One time I traveled to Arizona to help my son move back to Wisconsin. I heard a voice in my thoughts telling me to pack my sneakers, but that didn't make sense because all I needed was my flip flops in the warm weather. When I got there, I realized it wasn't safe carrying lots of heavy things down a flight of stairs in flip flops, so I had to go out and buy a new pair of sneakers and socks.

My friend and I both look back and know God was speaking to us. We both had a price to pay for not being good followers of the voice of our Shepherd. The more we practice something, the better we get at doing it. Take some time right now and practice listening for God's voice. He always has something to say to us. What is He saying to you right now?
