## WISDOM FROM THE *Word* KING UZZIAH – PART FIVE

*"Uzziah was sixteen years old when he became king, and he reigned in Jerusalem fifty-two years. His mother's name was Jekoliah; she was from Jerusalem." 2 Chronicles 26:3*

*"He reigned..."*

The first command in the Bible was to subdue the earth and be fruitful and multiply. God's people are called to be kings and priests. Peter said we are a "royal" nation. Jesus is called King of kings. John teaches that we are kings and priests. Moses said we should be the head, not the tail. Solomon taught that the diligent hand shall rule. Where are you on the food chain? Are you at the bottom or the top? Jewish people all throughout history are like cats – you can throw them out the window and they always land on their feet. You give a Jewish person freedom and they are like cream – they will rise to the top. God wants his kids to rule and reign!

However, many Christians are not that way. We seem to be content with low-paying jobs, non-influential positions, cheap entertainment, and being broke and miserable. Many of us are content to live off of the government, and then testify how God is meeting our needs. I had a man travel with me for a week who claims that he lives by faith. Yet he isn't willing to work with his hands. He claims to be a great man of faith, but mooches off of Christians. We all need to live by faith, but we also need to work. Do you see a man skilled in his work? He will stand before kings. Although Jesus was the King of kings, he washed the feet of the saints. As ministers, we are not to lord it over people. As preachers we need to set the example of servanthood. Before you can be a king, you need to be a servant.

It's good to rest, but I don't want to rest so much I end up in a rest home. Six days you shall work, one day off. In the Bible, they took time off for the feast of tabernacles. No wonder this country is

going bankrupt. Most leaders who are successful put in the time to fulfill their calling, with the exception of you know who, who has wasted hundreds of millions of taxpayer dollars that could have gone to the poor, but instead went to Air Force One. We need to teach our kids the value of hard work and the joy of completing tasks that build the kingdom of God. Instead of reading the sports, read John Maxwell books on leadership. Instead of watching TV, study to show yourselves approved unto God. There is one thing that you cannot get back, and that's time.

Teresa and I believe that is God's will for all believers who are givers and walk holy to prosper. We believe that Christians should be the principals of the schools, businessman, congressmen, doctors, lawyers, engineers, educators, farmers, and parents who are training up their children to work hard. We teach our children in the orphanage that they can succeed with the help of God. When you ask our children what they want to be when they grow up, they answer doctors, lawyers and engineers. These are the types of people that shape society.

*Steps to becoming a great leader*

- Readers are leaders. ■ Read all of John Maxwell's books.
- Find a mentor. ■ Give a 100% no matter what you are doing.
- Ask God to give you desire to be a leader. ■ Write down why you should be a leader. ■ Develop the skills needed to become a leader.
- Eliminate time wasters and those things that prevent you from fulfilling your calling. ■ Get the education you need. ■ Ask God for divine connections to lead you to the right people.

# Honduras Highlights

**Report from Teresa** The children are getting better at doing home chores. You can see that the place looks great. The kids are picking up trash on a regular basis. Their rewards are to go to the swimming pool or play soccer on the soccer field. The five and seven year olds love to play soccer. They go every day to play and are getting better at it. Our little ones are so cute. I have a video of them singing. They love to sing in English.

The nannies and children are very excited to have fresh corn. Every two weeks, the kids have a fish fry. They love to catch the fish, clean and fry them, and of course, enjoy eating them.

Our twelve-year-old Fernando was operated on for appendicitis. Pray for him to get better. We had our kids getting sick daily, especially when I was in Honduras. I had to take care of them. Thank God, I was there. That tells me how important it is to have the clinic open. That put pressure on me to get the paperwork done and have permits for the clinic. Pray for me so we have favor with the government. We plan to hire a full-time doctor. We want to say thanks to Dr. Murdy and his lovely wife. They offered to help us pay the doctor's salary.

The pool is a great tool for evangelism. We had the children from the community and their parents come to play all day in the pool. It has been quite a blessing.

The fourteen missionaries from Minnesota that were with us April 14-18 were a great blessing. They went out on the streets and prayed for people. They went to the prison to feed and pray for 400 inmates. They also prayed for our nannies and ladies at church, and we had a lot of healings.

**IMI continues remodeling toddlers orphanage** Currently, our hard-working construction crew is working on the roof of the oldest building on our property. To finish this remodeling project we need another \$35,000.

**Boys orphanage plans are finished** We are currently raising money to build a four-bedroom orphanage for our boys from first to sixth grade. It's essential to keep them protected from the older boys. We plan on breaking ground in June. We need \$50,000. Please pray about helping us build our new orphanage in Honduras.

**Multi-purpose building** Our multi-purpose building is almost done. It's a 5,400 square foot building that has taken over six months to finish. This will be one of the most important buildings that we have ever built.

**IMI is buying 100 chairs** to get ready to have church at the City of Refuge and on top of the mountain.

**New school classrooms are being built** Our school doubled during the span of one month and we have had to start building another two classrooms. Many of our classrooms are small, but our new school has two classrooms that will have 35 to 40 kids per classroom. The walls are up, and we hope to be finished in the next month. Hallelujah! All the funds are raised, praise God!

**To sponsor a poor child to go to school, it's \$20 per month or \$200 a year** 100% of the monies goes to the school, *ZERO* to Tom and Teresa. You will get updates and emails from the children. If you believe in education, then you get the great opportunity to help a child change the world through bilingual Christian education.

**Sponsor a child to go to college** Currently, Adriana, our eldest daughter in the orphanage (whose mother and sisters are prostitutes), is in her second year of medical school. IMI is looking for seven sponsors for \$100 a month or two sponsors for \$350 a month or one sponsor for \$700 a month. Life is getting more expensive there and schooling even more. Please pray about helping Adriana become a doctor. Mark **Adriana** on your check to help with her education.

**Juice bar** Our juice bar is about halfway done. Again, this is another source of income for the orphanage.

**City of Refuge now has souvenirs available for purchase** We have T-shirts and coffee mugs with the photos of the children.

**Our two containers** Because of the strike by selfish people, the ports of America have been all but shut down. Millions of tons of food are rotting in the containers so the greedy people can squeeze out more money for themselves. This is why the world is starving. It makes me sick. Our containers are still in the port. Please keep praying!

# Honduras Highlights

**IMI prepares for phase one of our baseball field** It has been a dream of mine to have our own baseball league. I am believing God to have one of the children in our orphanage, school or city to make it to the Olympics. We want our kids to be well-diversified. Phase one is to level the land. Phase two is to plant and irrigate the grass. The third phase is to build the backstop and fencing. The fourth is putting in the sand. Phase five is to play ball. I have yet to see a baseball diamond in Honduras. This will provide another opportunity to be a trendsetter in Honduras.

**Water park** The day I was there, we rented out the pool to the people in the village. If we do this once a week, it will cover the costs of the chemicals. We are looking forward to marketing this in a greater way to win more people to Jesus.

**Day of play for orphans and poor children across Honduras** Most children in Honduras have never had the opportunity to go to a swimming pool and play on a nice playground or an artificial soccer field. Now they have the opportunity. Our goal is to buy a bus and pick up children to bring them to the City of Refuge for a day of play, free food, a Bible and a pair of shoes. To help us out, put **bus** on your offering.

**We made our tenth payment of \$6,000 for the 52 acres and a house**

We have fourteen payments left to pay off this property. The cattle are enjoying 52 acres of food. If you would like to donate for the land, please mark **land** on your offering.

**We welcome agricultural missionary Sarah Abraham** We are pleased to have Sarah Abraham from Kankakee, IL join us. I have known Sarah for almost twenty years, and it will be her job to watch over the sheep, goats and chickens. Please keep her in prayer.

**Farming news** Today, May 4th, we had a new baby horse.

**Livestock** Our livestock continues to increase with over eighty sheep and goats and 25 cows. We are going to develop new fields to raise a better grass for the animals. This will require serious investment into irrigation.

**Poultry** Our turkeys and chickens are laying eggs. We currently have seven turkeys, 120 chickens and three ducks.

**Corn** We have begun to harvest our corn. Our new farmer, Luther, is looking forward to getting our corn planter.

**Vegetables** Our vegetables are growing, and we are looking forward to our first harvest in the next month.

**Fencing** We have finished all of the fencing for 218 acres.

**Goat fencing** We have six strands of barbed wire for the fences, but those goats keep getting out. So now, we are going to put up chain-link fencing with razor wire on top for sixty acres. This will keep the goats in and the bad people out. Please pray, it costs about \$15,000.

**IMI chicken barn is almost completed** The big chicken barn with a hundred houses for our laying hens will be done soon. The building is 1,500 square feet. Thanks to the missionaries and our givers, we were able to build it. When the layers start doing their job, we won't have to buy eggs for the children. Currently, we are buying 2,000 eggs a month. All we have left to do is lay the cement and gravel. Then, we will be able to buy the chicks to raise so we can have over a hundred laying hens.

At the dump

**IMI is setting up five tilapia ponds** Praise God for His provision. IMI now has five tilapia ponds and our goal is to have twelve ponds on our property. Three more are dug and we are putting in the piping. Our goal is to be the number one producer of tilapia in Honduras. Plus, we will be planting fruit trees around and between the ponds. And then, we will let our ducks and geese swim and eat the vegetation. So we are getting triple use of the land.

**IMI buys second irrigation system for 62-acre property** We are going to be quintupling our land for corn and beans. Our past goal was to have enough grains to feed our orphans and livestock. We are now entering phase two, which is to harvest the grain and give it away to feed 2,000 children and widows a month. The cost of \$23,500 is a very large investment, but after only six months, we will be able to recoup our monies. Thank you, Jesus.

**IMI burnt weeds and thorn bushes on 52 acres** The purpose is to make room for the grass to grow for pasture. This will help make our land more productive by feeding more livestock to feed more children.

Ministry at the garbage dump

**IMI is preparing to plant 275 fruit trees**

The fruit trees on our property have to be irrigated. We are preparing for our engineer to lay the piping down, and then, we'll plant 275 fruit trees. After that, we will put up chain link fence with razor wire. Then, we'll build a chicken barn and buy chickens. Our last

step is to build a house for a farmer to watch over it all. We now have a total of 1,500 fruit trees.

**New chicken barn donated** We are blessed to have our dear sister from Neenah, WI donate enough money to build our second chicken barn. We will be building it on our property that has 400 guava trees.

**IMI plans to build apartment buildings for widows and orphans** We are currently getting our blueprints made up and will be receiving bids to build our new

apartment buildings. The plan is to provide housing for: widows who could establish family-type environments for some of our children to live with them • our adult children who will choose to live and work with us • our workers and their families as part of their wages • poor people in our church • good people who live in the garbage dumps or poor areas.

**Houses being built** House #3: The walls are being finished on a two-bedroom house for my pastoral friends from Des Moines, IA. House #4: My friends from Georgia have picked out their lot on top of the hill, and in May, they are going to have the land prepped for building. House #5: My friends from Illinois are coming to Honduras to pick out their lot. *Do you want a beautiful vacation home? Do you want a house fully paid off? Another crunch is coming – pray about building in Honduras. It's approximately \$30 a square foot to build your Honduran getaway.*

**Manufacturing plans a step closer** After overcoming a major hit, we are gearing up to make the dream of building a self-sufficient city another step closer. At the City of Refuge, we are wanting to purchase:

- T-shirt sewing machines to make shirts, dresses and other clothes – cost is \$6,000.
- Necessary equipment for making bricks, as there are other brickmaking factories only two miles away because of the availability of raw materials.

**Israel** America cannot turn its back on Israel. Scripture says that God will bless those who bless Israel and curse those who curse Israel. In these last days, we must stand strong with Israel, the apple of God's eye. Remember to pray for the peace of Jerusalem. *CelebratetheMessiah.org*

**Guatemala report** *Help for Orphans & Widows Worldwide* For much of his life, we have been ministering to thirteen-year-old Kevin Fernando Pinto Lopez. Here is his testimony. "I'm in my first years of high school. I am the eldest of two brothers, and we come from a home where we have always been taught that the gospel is for women and that men aren't supposed to do anything at home. I am so excited because the HOWW team has taught me the real value of people and how we can be examples of believers in our homes. With the Bible that I was given by the HOWW team and the discipleship booklets that we have been learning from, I have learned how to change things in my home. The Lord has given me the courage to do many things that I would never have done before. I am now a Christian. I am full of joy, and I am grateful to God and to the HOWW team. God bless you all."

**Bangladesh** Pastor Lawrence said that after the earthquake there were some cracks in the buildings and therefore they need some more stuccoing. If God lays it on your heart, we need to raise \$1,600 to help them. Please put **Bangladesh** on your check.

**Major new partnership – wow!** We are pleased to announce a new partnership with Heart to Heart, based out of Puerto Cortez (U.S. base in Washington state). They have a village with 95 children and one of the top schools in Honduras with over a hundred students. We – along with Bruce Van Natta (author of numerous books, including *Saved by an Angel*) and Pastor Tom from Wisconsin Rapids – have co-partnered with Heart to Heart to establish a school, medical clinic, church and farm. The property is ten acres in the middle of 15,000 extremely impoverished people. The location is three hours from the City of Refuge. Heart to Heart will oversee the building projects and manage the school and church. Bruce's ministry and Pastor Tom's church will be supplying the funds for the teachers, supplies and two meals a day. IMI will be building the buildings. Our first project is the school with an estimated cost of \$70,000.

**Become an IMI ambassador** You can be a volunteer or earn an income. Save children, change the world, make a good residual income setting up *Remember the Orphan* presentations, garage sales, bake sales, etc. Call **Tom** at **(612)202-6064** for information. We have a half dozen ambassadors – come join the IMI team.

### Report from Teresa

We had an awesome Women's Prophetic Conference May 1-3. We were able to raise \$1,700 to help equip the babies nursery for the orphanage in Honduras. We want to say thank you, ladies, for coming and giving.

I spent two weeks here in the states traveling together with my husband in Iowa, Wisconsin and Michigan. It was so much fun to go to different churches and home meetings and visit our awesome friends. Thank you so much for your hospitality. It was so great to visit with you all.

**Giving** "No act of kindness, no matter how small, is ever wasted" – Aesop  
 "...Whatsoever a man soweth, that shall he also reap." Galatians 6:7 If you sow sparingly, you reap sparingly. If you sow bountifully, you reap bountifully. But if you sow nothing, you also reap nothing.

**With God's help** "Sales are contingent upon the attitude of the salesman – not the attitude of the prospect." – W. Clement Stone I have been in sales for 95% of my adult life. Sometimes you hit a groove where everybody buys (or, for me, books a meeting). And then there are times that you can't give away your product or service. As a believer, we must walk by faith and not by sight. It's challenging, but very rewarding. Before each potential sale, ask God for wisdom and favor.

### Some firsts for our ministry

- This is the first time I have preached in Orlando, FL.
- I get the opportunity to preach three times in Florida in one year.
- I'm preaching in Arkansas for the first time.
- I have the opportunity to preach in the twelfth largest sanctuary in the USA.
- I will be preaching in large churches four times in four consecutive months – praise God!
- We had four conferences on back-to-back weekends.

**Impact quote** "If you can dream it, you can do it." – Walt Disney Without a vision, the people perish. I never used to believe it, but my wife and I have experienced the power of vision and having dreams. Praise God! What are your dreams? Take five minutes and write them out. If we don't have enough discipline to write out our dreams, then why should God give us any dreams. Some of our dreams include: Building self-sufficient cities \* Olympic athletes \* start a business and Bible college \* feed 100,000 kids \* become a number one producer of certain parts of agriculture in Honduras \* turning 10,000 acres into productive land to feed 100,000 children \* buy an island

**Learning to lead** "Leadership and learning are indispensable to each other." – John F. Kennedy I have to admit, I got sloppy for many years. I was so busy working, I didn't take time to learn. But because of the diversity of what we are doing, we have had to learn hotel management, education, many different parts of agriculture, overseeing 350 ministers, etc.

**Do you know** of a church, organization or ministry that would like to have Teresa, my son, daughter or an IMI representative come to minister? Call me at **(612)202-6064** if you know anyone who may be interested in having us.

### IMI preparing to print our own

**T-shirts** We are excited to partner with a long-term friend from Chicago to print our own T-shirts. Please pray for Blanca. We have a T-shirt printer and we are going to get it fixed for \$2,000. Again, another step to achieving an income stream to help children.

**Networking** "One of the challenges in networking is everybody thinks it is making cold calls to strangers. Actually, it's the people who already have strong trust relationships with you, who know you're educated, smart, a team player who can help you." – Reid Hoffman Before you expand your business to unknown customers, have you tapped into people and customers that you have relationship with and ventured into their warm market of friends and customers? Write down the people you know. Ask yourself, "Can we do more business?" Then, attempt to tap into their warm market.

**RG Construction** is owned by Rod Grooms from Ottumwa, IA. His family has been in construction for over 100 years and have done over a half a billion in sales. Rod has thirty years of experience servicing Iowa, western Illinois, northern Missouri and southern Minnesota. He does additions, new housing construction, or business and government projects. Rod has been to Honduras four times and will give 20% of the profits to IMI. Call him at **(641)777-0683**.

**Save money and save a child** IMI invests in a gun store in Rockford, IL with Pastor Don Wynn. You can buy guns and ammo at a wholesale price and earn profits on them. Also, we purchase used guns. "Buy a gun, save a child" is our motto. To buy a gun, supplies or ammo call **Pastor Don** at **(815)222-5291**.

Did you know that you can rent a beautiful six-bedroom, six-bathroom cabin with large meetings rooms, swimming, fishing, shooting, hunting, volleyball, basketball and games for our cost plus cleaning if you are an IMI partner? Call **Tom** at (612)202-6064 or contact **Teresa** through our listing on [www.vrbo.com](http://www.vrbo.com) West Union, IA.

## Do you have a snowmobile, car, truck, furniture, etc. to donate?

Why not feed children with the things you have laying around your property? A good friend of ours donated a truck and we were able to feed 100 children in one month. Call **Tom**, if you are interested, at (612)202-6064.

## Natural Remedies for Allergies

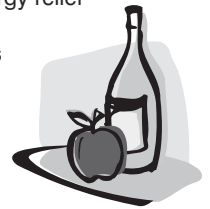

by Dr. Teresa Stamman

### — Allergy relief juice —

- 1 small bunch parsley
  - ½ lemon, washed or peeled
  - 2 celery stalks with leaves
  - 2-3 large carrots, green tops removed
- Juice the ingredients.  
Stir and drink as soon as possible.

### — Apple Cider Vinegar —

Apple cider vinegar is an age-old remedy that is often suggested for a variety of health conditions. I've personally used it for allergy relief (and heartburn) with great success. The theory is that its ability to reduce mucous production and cleanse the lymphatic system makes it useful for allergies. It is also said to help digestion, weight loss and more, so it is worth a try!

by Laura Diehl  
 Crown of Glory Ministries  
[www.crownofgloryministries.org](http://www.crownofgloryministries.org)

Have you ever been in a building that has more than one flight of stairs? When you go up the first flight, you can either walk out onto the first floor or keep going up another set of stairs to get to the second floor. It's kind of like going from the basement of a house to the main floor. But then there is another set of steps that will take you all the way upstairs.

When we receive Jesus in our lives, it is like going up the first set of steps to the first or main floor. Having the gift of salvation is fantastic and the place we should be. But there is also an "upstairs". There is another level, called the baptism of the Holy Spirit, that will give us even more of what we need.

When you get saved, the Holy Spirit comes to live inside of you, but He wants to take you up to a higher level and have His power flow out of you. When I teach this to kids, I like to show what I mean by pouring water into a glass to fill it up, and then I take a straw and blow into the water, causing the water to bubble out of the glass. (Have you ever done that with something you are drinking?) You are filled with God, but He wants to bubble out of you with His power and His love and His goodness to everyone around you.

Acts 1:8 says, "You shall receive power when the Holy Spirit has come upon you." We will talk about that power next month. In the meantime, ask God to give you the overflowing power of the Holy Spirit.

**Government** *"This country, with its institutions, belongs to the people who inhabit it. Whenever they shall grow weary of the existing government, they can exercise their constitutional right of amending it, or exercise their revolutionary right to overthrow it."* – Abraham Lincoln Remember 2 Chronicles 7:14. God please help our leader be pro-Israel, anti-abortion, pro-marriage and pro-Christian, not pro-Iran, in Jesus name. Amen.

**Friendship and marriage** *"Marriage is the highest state of friendship. If happy, it lessens our cares by dividing them, at the same time that it doubles our pleasures by mutual participation."* Samuel Richardson The best friend I have ever had is my wife. We have so much in common and we have found numerous things to enjoy together. I never thought I could experience a friendship with another human being as I do with my wife. Find things you have in common, especially eternal things. I really hope she is my neighbor in heaven.

**The value of love** *"With love, you should go ahead and take the risk of getting hurt because love is an amazing feeling."* – Brittany Spears Imagine yourself as a castle and you have a drawbridge. If you keep it up, you can't get hurt. But if you keep it up all the time, you can't get help. Eventually, you will die if you don't get out. It's risky to love, but more risky not to love.

**Laugh a little** My ancestors didn't fight their way to get to the top of the food chain so I could be a vegetarian.

- I was studying a frisbee, and then, it got bigger and bigger... and then, it hit me.
- When I was a kid, I was so broke I couldn't pay attention.

*"If men were angels, no government would be necessary."* – James Madison

*Can you imagine what the world would be like if we were all like Jesus? Even so, come Lord Jesus.*
