Covenant Partnership

Name _____
Address _____
City _____
State _____ Zip Code _____

I'd like to become a covenant partner of Impact Ministries International. I will diligently pray and financially support this ministry so that together we can fulfill God's will to preach salvation, to prophesy, and to pray for the sick worldwide. As the Lord provides, I will share my financial blessings and my time to intercede for those who need the living Christ.

My covenant promise is to pray and give:

\$15.00 \$20.00 \$50.00 \$100.00
 \$250.00 \$500.00 \$1,000.00 per month
Or a one-time gift of \$ _____

Let's labor together!

Do you have a snowmobile, car, truck, furniture, etc. to donate?

Why not feed children with the things you have laying around your property? A good friend of ours donated a truck and we were able to feed 100 children in one month. Call **Tom**, if you are interested, at (612)202-6064.

IMI retreat center is available for rent

Did you know that you can rent a beautiful six-bedroom, six-bathroom cabin with large meetings rooms, swimming, fishing, shooting, hunting, volleyball, basketball and games for our cost plus cleaning if you are an IMI partner? Call **Tom** at (612)202-6064 or contact **Teresa** through our listing on www.vrbo.com West Union, IA.

The Healing Power of Whole Fruits and Vegetables

by Dr. Teresa Stamman

Overcoming Osteoarthritis

Eat a high fiber diet. Include more raw food – vegetables, vegetable juices, nuts and seeds – in your meal plans. Strive for 50-60% of the food you eat to be raw food and juices. Following a high fiber diet will also help you to maintain a normal weight, especially if you exercise. The Arthritis Center of Boston University says that being overweight is the most potent risk for osteoarthritis especially for the knees and hips.

Reduce fats. A diet of high saturated animal fat or polyunsaturated vegetable oils (like corn, soy, sunflower, canola) can increase the inflammatory response. Use extra virgin olive oil and coconut oil.

Use cleansing programs like juice fasting and liver cleansing. Removal of toxic substances from the joints through the lymphatic system can help reduce cartilage damage.

Nutrient recommendations

B vitamins: B12 found is found in meat, poultry and fish. The best folic acid is in asparagus, kale, spinach and cabbage. The best juice sources of pantothenic acid is broccoli, cauliflower and kale.

Glucosamine is a naturally occurring substance found in joint structure that stimulates cartilage regeneration, protects against joint destruction, and alleviates the symptoms of osteoarthritis. As some people age, they lose the ability to manufacture sufficient levels of glucosamine. Research indicates that supplemental glucosamine might improve symptoms of OA and delay its progression. The recommended daily dosage is 1,5000 mg of glucosamine sulfate divided into three 500 mg doses.

Vitamin C promotes collagen synthesis and repair. The best juice sources of vitamin C are kale, broccoli, parley, Brussels sprouts, cauliflower, cabbage, spinach, turnips and asparagus.

Vitamin D is needed for joint health. Studies show low blood levels of vitamin D are associated with loss of cartilage and osteoarthritis of the knee. The best food sources of vitamin D are cold-water fish, cod liver oil, sunflower seeds, and mushrooms.

Vitamin E has been shown to help fight OA, possibly because of its membrane stabilizing effect and its ability to stimulate substances that form part of the joint structure. The best juice sources of vitamin E are spinach, watercress, asparagus and carrots.

Herb recommendations

Boswellia Serrata has anti-arthritis effects. Devil's claw has anti-inflammatory and pain-relieving effects.

Juice therapy

1 handful dandelion greens
3 to 4 carrots, scrubbed well, tops removed and ends trimmed
½ cucumber, peeled
½ lemon, peeled.
Drink half a cup in the morning and half a cup in the evening.

½ green apple

½ to 1 inch piece gingerroot, peeled

5 medium carrots, scrubbed well, tops removed and ends trimmed

Dandelion Juice

Ginger Hopper Juice

May 1-3

IMI PROPHETIC CONFERENCE

God still speaks to us – basic training in the prophetic
IMI Cabin • 14975 Nature Rd. • West Union, IA

"In the last days, God says, I will pour out my Spirit upon all people. Your sons and daughters will prophesy. Your young men will see visions, and your old men will dream dreams" – Acts 2:17
Come for relevant inspirational teaching, praise and worship, prayer ministry, fun, adventure. *Don't miss it! One word can change your life forever.* • No registration fee • Meals will be served • Plenty of cabin space • Bring air mattress and toiletry • Also, hotels in town
Contact Pam Rosch at (612)251-7998 or text Teresa Stamman in Honduras at (612)816-3124 We would love to see you there!

WISDOM FROM THE Word KING UZZIAH – PART FOUR

"Uzziah was sixteen years old when he became king, and he reigned in Jerusalem fifty-two years. His mother's name was Jeholiah; she was from Jerusalem." 2 Chronicles 26:3

Can you imagine your son or daughter ruling a powerful nation at only sixteen years old? My, how things have changed over the years! This young man became a king at sixteen years old. What are our kids doing at age sixteen? Do you know that the average gamer is in their thirties? Do you know the unemployment rate among teenagers is over thirty percent? What percentage of teenagers work, much less run a nation? How many teenagers know how to manage money, let alone manage a nation? We have a record number of Americans not working. We have more people on some form of government aid than the total population of Russia. We, as Christians, need to train our children how to be responsible, work and succeed in life. It wasn't that long ago that people were getting married in their mid-teens. One of the dangerous trends I see is parents babying their children more and more, thus preventing them to grow up and become responsible adults. The government allows a person to be on their parent's health insurance until 26. 26? I had three children on my health insurance at 26. Many Americans have taught their children to have a "you owe me" attitude. Many have taught them to be dependent on the government and other people. If you have ever weaned a calf, kid, or colt, they beller and complain. But eventually, they learn to eat grass and fend for themselves. Are your children learning the skills needed to live on their own? What are they lacking? God forbid that something should happen and you weren't there to help.

Discipline is a difficult thing for most people, partly because they were not disciplined by their parents. We can't expect our children to be disciplined if we are not. What areas are we lacking in that sets a bad example for our children?

At our school, it's interesting when you ask the children what they want to do for a living. Our children will usually answer, "I want to be

Honduras Highlights

Report from Teresa We had an awesome time in Honduras for Easter. Our kids for the first time had an Easter egg hunt. A big thanks to Susanna and Scott for preparing the party. Susanna boiled ninety eggs. They did an awesome job. It was so much fun to see the little babies and the rest of the kiddos color eggs and go hunting. For our Easter meal, we fried a hundred fish. It was awesome! All the kids were helping, from fishing to cleaning and frying it. Our kids are amazing; they love to work and have fun at the same time.

The kids went swimming all week. They loved it. They enjoy their vacation time. Adriana came back from college for spring break. She was very helpful with the teenagers. She is an older sister for them, and they love hanging out with her, going for hikes, swimming and having girl talks in the evenings. During the break, all the kids were helping with chores. The boys worked in construction and on the farm milking cows and planting potatoes and vegetables.

Papa Tomas came to visit. This time he stayed for four days. It was awesome to have him for extra days. They played soccer every night, and we went swimming all together. It was my first time to go swimming with Papa Tomas and the children. We had so much fun. It is so great to be in the water in 100-degree weather – that is why the kids love it. I thank God that our children have the opportunity to go swimming, hiking and have a lot of fun. Every time they make new memories, they erase the old, bad ones from their past.

We had a visit by fifteen missionaries from Georgia, Washington, Texas, Florida and Missouri. They love to spend time with the kids during the spring break. They were having so much fun.

Thank you, partners, for your monthly support and one-time donations, and a special thanks to our friends from the North Dakota church for helping to buy sport uniforms for the kids.

IMI welcomes two new children to our orphanage Joel and Joshua (Josue in spanish) are our newest children at the City of Refuge. They are six years old and are our fourth set of twins. They are so lovable. They love hugs and are both very, very outgoing. Please keep us in prayer as we raise them up to be world changers.

IMI continues remodeling the toddlers orphanage Our first building has been used as a toddlers orphanage, a home for missionaries, kitchen, dining room and more. The ceiling was falling in and the walls of the rooms were falling apart after much use. We have added on to it and raised the roof to get more air circulation. The walls need to be redone and the bathrooms need to be remodeled. We have invested \$8,000 so far and need to put more into it. We want our twelve toddlers to have a clean, safe environment.

Major good news – our school doubled in one month I got a chance to minister to the school, and it is exciting to see over 120 children hungry to learn. Some of our children said they could not play football or go swimming because they had to get their homework finished. It was awesome to see our children interacting with the new children. To see our children who were once infants growing up and now in the lower grades really touches my heart. It saddens me that I have had to miss some of their growing up. But I thank God for my wife and Scott and Sue and the nannies who love these children so much!

New school blueprints approved and we begin to build the second week of April We have raised \$15,000 of the \$25,000 needed to build the school. It is so needed as some of the classrooms are overly packed with kids. The school should only take a month to build. To help us, please mark **school** on your check. We break ground mid-April. We hope to finish by the end of May.

Multi-purpose building

May 2015

Impact Ministries International

To sponsor a poor child to go to school, it's \$20 per month or \$200 a year 100% of the monies goes to the school, ZERO to Tom and Teresa. You will get updates and emails from the children. If you believe in education, then you get the great opportunity to help a child change the world.

IMI prepares for phase one of our baseball field

It has been a dream of mine to have our own baseball league. I am believing God to have one of the children in our orphanage, school or city to make it to the Olympics. We want our kids to be well-diversified. Phase one is to level the land. Phase two is to plant and irrigate the grass. The third phase is to build the backstop and fencing. The fourth is putting in the sand. Phase five is to play ball. I have yet to see a baseball diamond in Honduras. This will provide another opportunity to be a trendsetter in Honduras.

Two containers go out the first week of April The first twenty-foot container will help us to gear up for our health club/gym. We purchased five bench presses, hack squat equipment, two military presses, lat pull down, smith machine, two preacher curls, two curl bars, two tricep machines, leg machines, five sets of Olympic weights, three sets of dumbbells, and a squat rack. The second forty-foot container has a Gator, ice cream machine, wrestling mat, sporting goods, and best of all, a corn planter.

Multi-purpose building Currently, they are working on the ceiling, doors and windows. All that is left after that is plumbing, electricity and painting. We have five rooms in our multi-purpose building. There are two 1,350-square-foot rooms – one will be used as a large classroom and a wrestling room, and the other as an exercise and weight room. There are also three 900-square-foot rooms. One will be used as a huge play area with ping pong, foosball, air hockey, puzzles and games, the second for sewing clothes, and the third as a storage room for donations.

March mission trip We were blessed to have Caruth Construction, our largest donor in 2014, come to the City of Refuge. Tom and his sister, Tina, came and were so encouraging. They, along with children from our orphanage, ministered to the people of the garbage dump.

Mission team from LaCrosse, WI Greg Moser and two teenagers came to be a blessing to Honduras. Greg is a powerful evangelist and is used mightily by God in signs and wonders. Many people were healed and brought to Christ during the five days he was here. The two teenagers worked hard painting and helping with construction and enjoyed playing with the children. Dr. Teresa said they were very well-mannered and respectful.

North Dakota mission team This team was led by Pastor Kevin Anderson from Devil's Lake, ND. He brought his two children, his brother with his children, and a number of members from their church. They were overjoyed and loved ministering to the orphans. The team also participated in a number of revival services, built the chicken barn and painted, besides playing with the children. They loved the hotel and swimming pool. They were overwhelmed with the joy of being a blessing and promised to come back again.

by Laura Diehl
Crown of Glory Ministries
www.crownofgloryministries.org

I have a friend named Tory who has four kids. One day she walked into their living room and said to her son Jonathan, Hello, friend! looked at her and said with very serious eyes, I don't ever want to be your friend. It is so much more special to be your son."

Do you realize how special it is to have your mom as YOUR mom? Your mom knows God gave you to her as a very special gift. But have you thought about how God also gave your mom to you as a very special gift? Out of all millions and billions of moms around the entire world, God hand-picked your mom, just for you! WOW!

You can have lots and lots of friends, but there is only one person who carried you inside of them, gave you life, and takes care of you every single minute of your life. Your mom has a very, very special and powerful connection with you that no one else on earth has with you.

In the month of May, Mother's Day is set aside to specifically honor and bless our moms. Ask God what you can do to

Honduras Highlights

April mission trip We were able to have Bert and his granddaughter, Natalie, come from Camano Island, WA. Bert built us three sets of horseshoe pits, and Natalie helped teach the girls how to ride horses. We were also blessed to have Glen and Melonie Grindley with their children, Mackenzie and Hunter, from Ellijay, GA. They played sports, went swimming with the children, bagged corn, and helped me plan where the twelve houses will be built on the top of the hill. Glen has been here numerous times, but his wife hasn't been here since we built our first building in 2011. Melonie was shocked to see the progress! We were also blessed to have Dr. David Meyer with his wife and two boys from Orlando, FL. Dr. David is a lawyer who pastors a multi-thousand member church. He has fought for first amendment rights in the Supreme Court. The Meyers intend to send down a team of college and high school students in the fall. His eleven-year-old son said that this was the most fun they ever had. They enjoyed the pool and soccer field and, most of all, the children. Pastor Dave was the most valuable player in the tournament because he scored two goals and one assist. Pastor Toby, from Texas, owns an Allstate office and pastors a church. He won the award for the funniest dude at the soccer tournament. He wants me to speak at his church.

Mission team from Elkhorn, WI Pastor Kurt brought a team which included his son, a member of his church and Dr. Murdy with his wife. They helped build a chicken barn and chicken houses for nesting. Dr. Murdy and his wife helped Dr. Teresa set up the medical clinic. During the first week the medical clinic was open, they treated over a hundred patients.

We have another mission team coming Fourteen people are coming down in the middle of April to evangelize.

Water park While I was in Honduras, we welcomed a pastor (originally from New York/Puerto Rico) and her daughter who have started four churches, along with their assistants from Tennessee and their three children. They enjoyed the water park and playing with the children. We also had a pastor from Kansas City, MO come and enjoy the City of Refuge. People from the community have been coming and paying to use the water park. It is touching many lives. Praise God!

We made our ninth payment of \$6,000 for the 52 acres and a house We have fifteen payments left to pay off this property. The cattle are enjoying 52 acres of food. If you would like to donate for the land, please mark *land* on your offering.

Chicken barn Barn interior Corn crop

Major emphasis in 2015 is agriculture Cattle We have 25 cows and three are pregnant. Currently, we are milking twelve cows.

Sheep They are growing and a number of ewes are pregnant.

Goats In March, we had seven baby goats and they are so cute. Based on the current retail value of goats, if we were able to sell them, we would have been able to cover the salaries of our farmers.

Turkeys Our baby turkeys are growing up and we now have seven adults.

Corn As of April 4th, the corn is almost ready and the ears are huge. Our cornfield will be harvested in May. Oscar is looking forward to getting our corn planter.

Vegetables Our first attempt at growing yucca is going well. The plants are six inches high.

Fencing We have finished all of the fencing for 218 acres.

Goat fencing We have six strands of barbed wire for the fences, but those goats keep getting out. So now, we are going to put up chain-link fencing with razor wire on top for sixty acres. This will keep the goats in and the bad people out. Please pray, it costs about \$15,000.

Ducks We bought one male and two female ducks. They love the tilapia pond.

IMI chicken barn is almost completed The big chicken barn with a hundred houses for our laying hens will be done mid-April. The building is 1,500 square feet. Thanks to the missionaries and our givers, we were able to build it. When the layers start doing their job, we won't have to buy eggs for the children. Currently, we are buying 2,000 eggs a month. Meanwhile, the hundred chickens we bought to be used for meat are beginning to lay eggs. Oscar says we have harvested a hundred eggs in the last few weeks while the chickens are getting used to their new home.

IMI is sending money to plant 250 more fruit trees Currently, we have 1,500 fruit trees. One of our properties has 400 fruit trees that are irrigated which will need to be replaced in three years. So instead of waiting for that to happen, we will be planting mango trees. When the guyava trees are finished, the mango trees will begin to produce. We have five acres of land which we will irrigate and plant with more trees. The goal is to be self-sustaining and help more children.

IMI is burning the weeds and thorn bushes on 52 acres The purpose is to make room for the grass to grow for pasture. This will help make our land more productive by feeding more livestock to feed more children.

IMI buys second irrigation system for 62-acre property We are going to be quintupling our land for corn and beans. Our past goal was to have enough grains to feed our orphans and livestock. We are now entering phase two, which is to harvest the grain and give it away to feed 2,000 children and widows a month. The cost of \$23,500 is a very large investment, but after only six months, we will be able to recoup our monies. Thank you, Jesus.

IMI plans to build apartment buildings for widows and orphans We are currently getting our blueprints made up and will be receiving bids to build our new apartment buildings. The plan is to provide housing for: widows who could establish family-type environments for some of our children to live with them • our adult children who will choose to live and work with us • our workers and their families as part of their wages • poor people in our church • good people who live in the garbage dumps or poor areas.

Houses being built House #3: The cement blocks are almost finished on the two-bedroom house for my pastoral friends from Des Moines, IA. House #4: My friends from Georgia have picked out their lot on top of the hill, and in May, they are going to have the land prepped for building. House #5: My friends from Illinois are coming to Honduras to pick out their lot. *Pray about building in Honduras. It's approximately \$30 a square foot.*

Nine reasons to come with us on a mission trip to Honduras

1. You can conveniently get to Honduras before lunch from the U.S. central and east coasts
2. Safe and secure with walled protection and professional drivers
3. Affordable at \$1,100 to \$1,500 per person
4. Fun – besides volleyball, basketball, soccer and more, we have our small water park
5. Variety – construction, agriculture, revival meetings, evangelistic opportunities, playing with the children, arts and crafts, and painting
6. Something for all ages
7. Life-changing experience
8. Make a difference in lives of people you impact
9. Make history by helping us build a city

Success quote “A lifetime of training for ten seconds.” – Jesse Owens What are you being trained for? Sometimes you get one big chance in life. Don't blow it. I have had unexpected opportunities come my way, but I wasn't ready. Like the little girl who was surprised about Peter being released from prison, God may drop a once-in-a-lifetime opportunity, so prepare yourself and swim out and meet it.

IMI is buying 100 chairs to get ready to open up our church at the City of Refuge Please pray for this big undertaking. Rev. Oscar is excited about evangelizing and discipling.

IMI sends money to build three more tilapia ponds Not only do the children enjoy the taste of tilapia, they enjoy catching them. We have sent \$6,500 to dig three of our largest ponds to date. Our goal is to have a harvest every month. Plus, we will be planting fruit trees around and between the ponds. And then, we will let our ducks and geese swim in them and eat the vegetation. So we are getting triple use of the land.

World

Major new partnership – wow! We are pleased to announce a new partnership with Heart to Heart, based out of Puerto Cortez (U.S. base in Washington state). They have a village with 95 children and one of the top schools in Honduras with over a hundred students. We – along with Bruce Van Natta (author of numerous books, including *Saved by an Angel*) and Pastor Tom from Wisconsin Rapids – have co-partnered with Heart to Heart to establish a school, medical clinic, church and farm. The property is ten acres in the middle of 15,000 extremely impoverished people. The location is three hours from the City of Refuge. Heart to Heart will oversee the building projects and manage the school and church. Bruce's ministry and Pastor Tom's church will be supplying the funds for the teachers, supplies and two meals a day. IMI will be building the buildings. Our first project is the school with an estimated cost of \$70,000. We hope to break ground in April.

Bangladesh Thank you for your prayers for Bangladesh. The two villages where we have our schools have calmed down and are safer, even though violence and turmoil still continues in other parts of the country. An Easter celebration with food and singing has just transpired at the new school in Laudov. **Do you know** of a church, organization or ministry that would like to have Teresa, my son, daughter or an IMI representative come to minister? Call me at **(612)202-6064** if you know anyone who may be interested in having us.

Our goal is for IMI to be the Charity of Choice

- By taking zero salaries from the ministry
- By providing experiences that make an eternal difference
- By being ethical in all business dealings
- By helping bring the holistic gospel to a needy and hurting world

Become an IMI ambassador You can be a volunteer or earn an income. Save children, change the world, make a good residual income setting up *Remember the Orphan* presentations, garage sales, bake sales, etc. Call **Tom** at **(612)202-6064** for information. We have a half dozen ambassadors – come join the IMI team.

Volunteers needed Graphic artists, fund raisers, networkers, people able to create awareness.

Ministry “Spread love everywhere you go. Let no one ever come to you without leaving happier.” – Mother Teresa Some translations of the beatitudes have, “Happy are those that...” Go out of your way to make others happy. Do random acts of kindness, tell clean jokes, help others, be gentle and patient, avoid a controlling spirit, learn to laugh at yourself. Ask yourself this question, “If the world was like you, what would the world look like?”

Be instant in season and out of season On the plane ride to Honduras, I was able to minister to a young man going on his first mission trip. As God gave me a word for him, he was rocked. I felt led to share with him that he is going to experience a sign and a wonder. Thirty minutes later, he mentioned that he had major shoulder pains. Praise be to God, he was healed on the plane! God is good!

Israel Sid Roth says, “If you are wrong in your understanding of Israel, you will be open for end-time deceptions in many other areas.” *Why Israel is Supernatural* settles all misunderstandings about God's position on Israel. This book was written by Rabbi Michael Zeidler of *celebratethemessiah.org*.

Marriage quote “Sensual pleasures have the fleeting brilliance of a comet; a happy marriage has the tranquility of a lovely sunset.” – Ann Landers There's nothing better than a beautiful and loving wife. Looks are only skin deep, but evil is in the very center of a person. Don't throw away a lifetime of love for the temporary pleasure of sin.

IMI preparing to print our own T-shirts We are excited to partner with a long-term friend from Chicago to print our own T-shirts. Please pray for Blanca.

We have a T-shirt printer and we are going to get it fixed for \$2,000. Again, another step to achieving an income stream to help children.

Nathan Smith Do you want an investment property or vacation home in the largest tourist area in the Midwest (Wisconsin Dells) or in Madison, WI? Give Nathan a call at **(608)216-8040**.

Witte Landscaping did our landscaping and you ought to see it! Tom Witte has been doing landscaping full-time for 22 years. He is a perfectionist and his clientele includes very successful people. Call him at
