*Almost every successful person begins with two beliefs: The future can be better than the present, and I have the power to do so. May I add through Christ; He always causes us to triumph."*

WISDOM FROM THE *Word* KING UZZIAH – PART EIGHT

*"And he did what was right in the sight of the LORD, according to all his father Amaziah had done." – 2 Chronicles 26:4*

It's amazing how demeaning American society is about dads. I can only assume it is Satan's attempt to destroy the father's image, thus preventing people to trust in their heavenly Father. It's sad to hear horror stories of sexual, physical and emotional abuse from dads. I am appalled at how dads either treat or neglect their children. The number one cause of poverty is fatherless homes.

A father's job is multi-faceted. We learn in Deuteronomy chapter 6 that a father is to train his children in the things of God. He is to protect them, not destroy them. He is to train them to be good parents. A father's job is never done. We should help our children for as long as we are alive. We need to encourage our children and not hurt them. I firmly believe that my ceiling is my child's first floor. Every generation should improve upon the previous one. We can see according to verse 4 that Uzziah was able to accomplish more than his father. I believe that a good father can springboard his children into success. A good father provides a safe environment

from criticism and abuse from others. A good father meets the financial and practical needs of his children. I've met people in ministry who have fathered children and neglected to keep in touch. Ministry starts at home. Divorce is a terrible thing, but a father must do everything possible to keep connected to his children. Three things that I consider super important are knowing God, loving your family and loving others. A good father teaches his children to do these important things. My dad was faithful to my mom, was involved in teaching me sports, provided for me financially as a kid, and made me go to church, especially when I didn't want to go. He made me go to a Bible camp where I found Jesus. Thanks, Dad!

As a biological dad, I talk to my adult children almost every week, pray and encourage them, and love the grandkids. They never had to worry about finances growing up as they were all picked best-dressed and I bought them their first car. Most importantly, by God's grace, they saw the love of God and gave their hearts

to Jesus at a young age. I paid for their Christian education. I'm still paying for their missions trips and am partially invested in their advanced education.

Our children in Honduras eat healthy and get bilingual education, medical care, recreation, spiritual direction, correction, discipline, and most of all, love.

*Ten tips to fathers*

- Imitate your Father in heaven and let His character rub off on you as you spend time with Him; and then, love your children in the same manner He loves you.
- Imitate successful fathers.
- Pray and play with your children.
- Train them to work hard and serve God with all of their hearts
- If possible, be married to their mother and/or treat her with respect.
- Listen to them and ask them questions.
- Protect them from abusive people.
- Provide for them spiritually and financially.
- Correct, but don't criticize.
- Be affectionate.

# Honduras Highlights

October 2015

**Report from Teresa** Finally, the two containers that were sent to Honduras arrived after sitting at the port for four months. The children are very excited with the wrestling mat and the gym. They are taking wrestling and working-out classes from Papa Tomas. They are very motivated to learn and get big and muscular like Papa Tom.

The Gator finally arrived. Luther is very excited and more motivated to do his work because now he can get to places faster. Our bus is breaking down every other day. We need favor finding a good vehicle to buy!! Keep us in your prayers. We also started fencing the front part of the orphanage. It is looking very good. Now we feel more safe.

The kids have two more months of classes. They are in their partials. Please pray for them. Adriana is on vacation from college. She passed all her classes with good grades. She loves medicine. Now she is helping at the medical clinic.

Bad dental news! We have three children – Eduardo, Fernando and Nancy – that are in need of braces. They are teenagers and are embarrassed to even smile. Braces are very expensive. They cost \$1000 per child. If you would like to help us to take care of that, mark your check **braces for children**.

For those ones who have a heart to help people with cancer, we have a request. Two weeks ago, one of our female teachers, named Consuelo, was diagnosed with breast cancer. Treatment is very expensive. One test alone costs what she makes in one month. If you would like to help her in this journey, please mark your check **Consuelo medical treatment**. Pray for her, please. She needs God's intervention.

I have good news. We were buying instruments for our children and were praying to find a teacher to teach them music. Guess what!! I was at the airport the other day, and I saw this awesome band playing. I asked them if they could come and play at our orphanage. They said, "We not only can come and play, we can teach your children to play." PTL! Three instructors teaching for \$80 per hour, I think, is a very good deal. They will teach violin, guitar, piano and more. We will raise up world changers and worshipers for Jesus.

We are having church meetings at the orphanage with all the workers. It is amazing how God shows up in the meetings. People cry and get healed by the power of God. The workers are requesting we do this meetings more often. Also, we are having more meetings involving the children. Pastor Julio is coming at least once a week to do meetings with the children and workers. We need God.

There is a viral infection going on in Honduras caused by the chikungunya virus. This disease features the sudden onset of fever two to four days after exposure. The fever usually lasts two to seven days, while the accompanying joint pains typically last weeks or months, sometimes years. There is also a skin rash for at least seven days. All our workers and people from church were attacked by this terrible disease. Thank you, Jesus, we were able to help at least 2,000 people with the medicine we had in the medical clinic. The pharmacies in Comayagua were short on Ibuprophen, so we were able to help a lot of people in the mountains and in the church. We are still helping them. This coming weekend we will have two medical brigades in the mountains.

We went to the garbage dump the other day with Theresa Gregory and her awesome team. I found out something very interesting. Theresa asked one of the people from the garbage dump about who comes to visit and bless them. Their answer was, "You and your group" (the lady was pointing at me) "are the only ones who come and bring food and clothes to us." Then she started crying. I was shocked! I thought everybody comes to visit them. This shows us that we are doing what Jesus would do. Glory to God!

Life is exciting in Honduras! Come and visit our children that are growing so fast. Our babies are getting bigger and bigger and are adorable. Our teenagers are asking lots of questions about college and about life. It is really awesome to see them changing and making good choices. Thank you for your partnership with us to change lives and make this world a better place. Until next time, God bless.

**Painting buildings** Our children have done a bang-up job stenciling and painting the babies orphanage. We've got talent!

**Babies orphanage** The doors and windows are done on the new babies orphanage. We also have put bars on the windows so nobody would be able to get inside without permission. In September, we will be sending money to put all new tile in the babies orphanage. The cost is \$5,200. After that, we will finish the bathrooms and kitchen. Then we will finish the exterior and build a large outdoor porch for the children to play outside safely.

**Our next remodeling project** The boys orphanage needs some TLC and the bathrooms redone. With 36 boys, you understand I'm sure.

**Security is very important, especially in a third world nation** A third of our building monies is going into security during this year. We have five properties at different levels of security. Each month, we are spending between \$5,000 to \$10,000. We are currently building a ten-foot cement security wall for our main part of our compound. Our goal is to have a ten-foot wall around the whole compound. This will provide privacy as the main road is in front of the orphanage. We also continued our cement wall with chain-link fence and razor wire around our seventy-acre property that has the hotel, stores, farm, juice bar, soccer field, apartments, sheep and goat pens. The front part of this property is almost totally secure with walls. All we need to do is put in another gate and the front will be secure. The rest of the seventy acres is barbwire fence. We are currently in the process of putting in three-block high of cement block, and then, eight-foot high chain-link fence topped with barbwire. This is over one and a half miles and will be a large investment. Phase three will be to put up ten-foot high walls with barbwire.

**August missionary report** We were blessed to have Debbie Vleck and her two hard-working sons from Eau Claire, WI come for three weeks and help out at our farm. They did farm work every day and our engineer said they were a tremendous blessing. We also welcome back Scott and Sue McCumber who have now been here for over a month. We were also blessed to have Eric from Sioux Falls, SD who enjoyed helping out. He put exercise equipment together and worked on the roofing of the babies orphanage. Derrick and Melinda Stirling, from the Kansas City, MO area, came back to Honduras for a second time this year to check out future opportunities.

We welcome back our good friend, Mike Schupbach, who is becoming a regular. He has been to Honduras numerous times. We owe Mike a lot for setting up our hotel and his wife for helping us with the mission trips. Mike got our ice cream machine ready. He made five gallons of yummy ice cream while he was here.

We were blessed to have had a team of eleven people from all over the United States come to the City of Refuge for an exploratory tour. It was headed up by business woman and prophetess, Theresa Gregory. Theresa hails from Mt. Vernon, OH. They were on a scouting mission to see if they are going to support our mission.

Our long-time friends, Patricia and Chris Voightlander, from Greenville, WI are making their first trip to Honduras. Chris is an air-conditioning man and can fix many things. His wife Patricia is one of the best cooks ever. Chris is installing air conditioners in our new school, our bakery, restaurant and grocery store. He also will be installing the hookup for our chicken barn. If there is any time left, he will begin to wire our friend's house.

Remember, you can come to Honduras any time of the year.

# Honduras Highlights

**Music** In August, I bought another guitar, flute and trumpet for \$700. This awesome store gives us big discounts. I heard one of my teenagers play the drums. Wow! He did a fantastic job. Our music teacher from Minnesota will officially start in September. Her name is Emily and she has lived in Honduras for eight years. She was a friend of my son and daughter in high school. Please pray for her.

**New soccer field project** Our current soccer field is across the street and requires adults to watch the children for their safety. The new soccer field will be in the main compound and will enable the children to play without a lot of adult supervision. Also, due to the popularity of this sport, the field is rarely available for our younger children to use. With two soccer fields, we can have tournaments.

**God is good!** Through the help of God's people, we were able to raise \$27,500 to buy a new van. Please pray. We are currently looking for a new van. The one we have should have been replaced two years ago.

**A miracle! Containers brought to the City of Refuge** Our farmer, Luther, loves the Gator. He is looking forward to using our corn planter in the next month. The children love the new sporting equipment and the wrestling mat and the ice cream maker.

**Exercise gym delivered and set up** Special thanks to Jim and Nancy Nygaard who helped us get the containers to Honduras. And my brother from a different mother, Ron Braatz, pounded on the international delivery company everyday, five days a week, for months to get the container through customs. It was spendy, but we now have a first-rate exercise gym. Also, thank you to missionary, Paul, from Tennessee; our missionary, Scott; Eric from Sioux Falls, SD; Derrick Stirling from Kansas City, MO; Rudolfo, our maintenance man/electrician in Honduras; and our City of Refuge teen boys for putting it together. We have a smith machine, four bench presses, two benches, two preacher curl machines, five sets of Olympic weights, three sets of dumbbells, a shoulder machine, three lat machines, a squat rack, calf machine, and a hack squat. I trained about sixteen of our kids how to work out. And they loved it. It's a professional gym, and my wife is grateful also.

**We had a blast!** On August 28th, we set up our wrestling mat. The room was just short two feet of having a full wrestling mat, but that's okay. We had twenty-plus kids come to learn about wrestling and wrestle each other. Even two of our oldest girls wrestled. It was awesome to watch how good they are without any training. We also discovered it can be used as a gymnastics mat. One of our seven-year-olds did a cartwheel and two backflips. I was amazed. He's the same boy you see on our video walking on top of the monkey bars. He probably has more scars than any of our children and has no fear whatsoever.

**IMI will be breaking ground on new pool for our Bible-based water park** We are wanting to have someone to market our hotel to other groups. We want a theme-related park, so our contractor is going to build us an ark like Noah with a water slide. He has built a whale before and we want him to do it again. So, like Jonah, we will have a "whale of a ride". To attract tourists from Honduras and America, we have a five-year plan to build a water park. Did you know that the city we are in has the oldest church in the Americas? And the second oldest clock in the world is in the city of Comayagua? Did you know that the largest U.S. military base in Central America is in Comayagua? God has strategically planted us in the middle of what I believe will be the second or third largest city in Honduras. It is also located on the inter-country freeway between El Salvador and Nicaragua.

**Eight-year vision is becoming a reality – the apartment walls are going up** It's truly amazing. When I was in Honduras July 1st, nothing had been done. Two days later they leveled the ground. And now two months later, the walls are going up. It breaks my heart every time I go to the garbage dumps and see these hard-working people suffering. But we are excited that we have the walls being built for two of these two-bedroom apartments. One of the ladies on our mission trip asked a lady living in the garbage dump about who helps them. She pointed at my wife and said, "She is the only one who helps us." We announced last week at the garbage dump that one family is going to be chosen to move into the City of Refuge. My wife will go to interview them, and one very blessed family will feel like they won the lottery. Can you imagine going from the garbage dumps to having your own apartment with beds, furniture, a soccer field, swimming pool, a job, free schooling, etc.? To donate, put **apartments** on your check.

**House #3 – We are getting ready to put in the electrical wires** It will also be able to be rented in the near future. Again, it will provide extra income for children and bless God's people. Our next step is to finish the electrical.

**52-acre farm** is currently being used for grazing our cattle and sheep. Our payments are \$6,000 a month, and we hope to have it paid off by August, 2016.

**62-acre farm** Currently, we have a couple of acres of corn planted for the first time. We are setting up an irrigation system that will allow us to plant about fifteen acres of corn. We are so excited! We have raised \$23,500 and we still need \$5,000 to purchase the system. Then, we need \$10,000 for another pump. Please mark **irrigation system** on your offering envelope.

**Four-acre guava field** We are currently harvesting over 500 guava trees. These trees only last eight years, so my engineer encouraged us to plant mango trees. We planted over a thousand mango trees last month. We also planted about fifty lemon trees. In September, we plan on planting vegetables on this property. We also are beginning to put up four blocks of cement with eight-foot high chain-link fence topped with razor wire. Once that is completed, we will build places for chickens and turkeys to lay eggs, and then, we will have four-acres of free range chickens and turkeys

**IMI plants hundreds of fruit trees and vegetables on our four-acre fruit farm** We are excited to have over 3,000 fruit trees. Our goal is to have 10,000 trees.

**IMI builds first greenhouse** We are excited to have our first greenhouse finished. We have a load of dirt that has been dropped off and we are beginning to do the planting.

**Beans and corn are doing great** We will be harvesting our beans mid-September and then replanting end of September. Please pray that we get our irrigation system paid for.

**IMI is setting up five tilapia ponds** We have one of our ponds set up with 400 fish. Our goal is to setup one tilapia pond per month.

**IMI is getting ready to have more baby pigs** Two of our females are about ready to give birth to more pigs. We should have almost thirty pigs by October.

**Our cows are looking great, and if they could talk, I know they would be excited about their new cow barn** IMI is building our first cow barn. We are done with the walls and water troughs and are getting the milking stations ready. Currently, we are working on the roof. The barn is paid for and will be finished by the end of September. Thanks for giving.

**Rabbit cages** Our new baby bunnies are almost old enough to come to the City of Refuge. We thank the Lord for the Vlceks who helped us get the cages ready.

Multi-purpose building

Exercise equipment

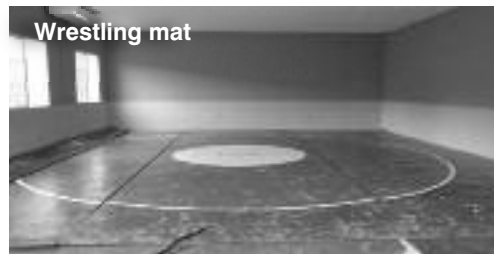

Exercise equipment

**IMI 10th Annual Conference was a success** We had very anointed ministers come and minister. We had special IMI guests Cesar Nieto from Harrisonville, MO; Brigadier General Steve Huber and his wife Rhonda; Rabbi Michael Zeitler and his wife from the Sid Roth program; and many more. We had ministers from Honduras, Nigeria, Liberia, Belize, Israel, China, Minnesota, Wisconsin, Missouri, Michigan, Illinois, and Iowa. Many people were healed and the fellowship was out of this world.

**Philippines mission trip** I will be leaving Friday, the 4th of September, to the Philippines through Japan. This will be the 42nd and 43rd countries I have visited. I will be preaching Sunday morning and night and spending time with our IMI pastor, Joel.

**IMI now has thirteen churches in Liberia** We were blessed to raise \$1,000 at the IMI conference for a brand new kitchen. Pastor Steve matched it and now all we need is \$1,000 to finish the much needed kitchen. To donate, put *kitchen* on your check, please.

**IMI Nigeria** I am going to assume you have heard of Boko Haram and the atrocities that this Islamic group have done to Christians. They have murdered and raped and kidnapped thousands of Christians, while the world sits back and does nothing. We at IMI are going to do something. We are looking at buying eighty acres for \$100,000. We will start by buying four acres, and then, increase by two acres per month until we have purchased all of the land. Our goal is to start in October (depending on the Shimetah). Then we will build a small orphanage. Step three is to buy a vehicle, and four is to hire two workers. Step five is to find children to live there. Six is to find sponsors for the children.

**IMI is blessed to send off two missionaries to Israel** We are blessed to ordain Rabbi Michael Zeitler and his wife. They will be leaving in September and we are excited to work with them. Our goal is to build a feeding center and/or orphanage in Israel.

**IMI is seeking partners to buy land in Israel** Would you be interested in helping us acquire land in Israel? Currently, we have two people who are looking in Israel to help us purchase land. Pray for us!!!

**August was an incredible month – some of the highlights** We saw about 35 people receive Jesus in Sedalia, MO. Twelve were saved in a home meeting in Wisconsin. Twelve received Christ at the tent crusade in Prairie du Sac, WI. Overall, we had nearly a hundred people receive Jesus in August.

The following churches and meetings, hosted by IMI ministers and/or affiliates, are a sampling of where I had a chance to preach in August: Rev. Linda Boese in Oskaloosa, IA; Pastor Jerry and Mary Braunsdorf of New Day Fellowship; Pastor JP Olsen in Prairie du Sac, WI; Pastor Doug and Pastor Liana Holt in Columbus, NE; Rev. Gail Flemming in Mauston, WI; and Rev. Jenny Miller in rural Wisconsin. *Thanks to all of our IMI ministers who had meetings to support IMI.*

**IMI welcomes new ministers** We were blessed to ordain Pastor Peter (Roland) Burt, a new pastor from Rochester, MN (my hometown); Joshua Gillespie and his fiance, Paola, from Kansas City, MO; and also, Jenny Miller from Wisconsin.

**IMI leadership team update** We are pleased to add Prophet Emmanuel Baba Lola and Matthew Goers to our IMI leadership team. Please keep them in your prayers. Prophet Emmanuel hails from Nigeria. I first preached for him in Ireland, and now, he lives in my hometown. Pastor Matthew has preached at more of our conferences than anyone, and he reads all the tests of our IMI ministerial applicants.

**Do you have a snowmobile, car, truck, furniture, etc. to donate?** Why not feed children with the things you have laying around your property? A good friend of ours donated a truck and we were able to feed 100 children in one month. Call **Tom**, if you are interested, at **(612)202-6064**.

**Nathan Smith** Do you want an investment property or vacation home in the largest tourist area in the Midwest (Wisconsin Dells) or in Madison, WI? Give Nathan a call at **(608)216-8040**.

**Save money and save a child** IMI invests in a gun store in Rockford, IL with Pastor Don Wynn. You can buy guns and ammo at a wholesale price and earn profits on them. Also, we purchase used guns. "Buy a gun, save a child" is our motto. To buy a gun, supplies or ammo call **Pastor Don** at **(815)222-5291**.

**Finances** "Financial literacy is an issue that should command our attention because many Americans are not adequately organizing finances for their education, healthcare and retirement." – Ron Lewis

**Business tip** "Some people regard private enterprise as a predatory tiger to be shot. Others look on it as a cow they can milk. Not enough people see it as a healthy horse, pulling a sturdy wagon." – Winston Churchill

## Healthy Tip by Dr. Teresa

### Bioidentical Hormones

Aging can be difficult, but it does not have to be. Bioidentical hormone replacement makes aging and its stages simply "passages", and enjoyable ones at that. When your hormones are replaced in perfect balance, you look, feel and act younger, plus, you are protected against some of the worst diseases and effects of old age.

*Bioidentical means biologically identical to human hormones* – exact replicas of what we make in our own bodies. Made from soy, wild yam and other plant extracts, bioidentical hormones are synthesized in a lab to exactly replicate human hormones. Bioidentical hormones are not drugs, however. They are completely different from synthetic hormones which are made from the urine of pregnant mares and have nothing to do with what we make in our own bodies. In times past, your

doctor would simply give you a prescription for Premarin or Prempro – a one-pill-fits-all type of regimen – and tell you to have a nice life. While on these synthetic hormones, you get fat or have brittle bones, lose your sex life and get depressed and bloated, among other symptoms.

These synthetic hormones are not hormones, but are drugs that have been proved to be harmful to our health by creating hormonal imbalance. These synthetic hormones do not replace lost hormones. Instead, they simply cover up the nastier symptoms of menopause and other issues related to aging. Remember, hormonal imbalance is an opportunity for disease to proliferate, especially cancer. This is why synthetic hormones are dangerous to our health.

The beauty of bioidentical hormones is that they are natural hormones. They have a molecular structure that exactly matches the molecular structure of hormones produced by the human body. Bioidentical hormones are molecular keys that the body can automatically recognize and utilize.

# Giving Opportunities

# Scrapbook Page

by Susan and Scott McCumber

This is Geralicia. She is eleven years old and is one of four siblings at the orphanage. Geralicia loves to sing and has a very nurturing heart. During most of her spare time, you will find her taking care of the three- and four-year-olds. Geralicia also loves art class! Today she is doing what God does with our lives - taking torn-apart bits and pieces and making a beautiful flower.

by Laura Diehl  
Crown of Glory Ministries  
[www.crownofgloryministries.org](http://www.crownofgloryministries.org)

How many of you like oranges? Imagine I have an orange and start peeling it. It smells so good! I bite into a section and you can see how juicy it is. Do you want a piece? Wait a minute... I also have some candy. Would you rather have a piece of my orange or my candy? Candy will give quick energy. It tastes good, but it isn't something healthy or nutritious for your body. The orange will also give you energy and tastes good, but it has nutrition your body needs and is much better for you. Choosing the orange means you are making a very wise decision.

Life is full of choices. Many things we can choose will bring us immediate pleasure, but aren't good for us. Some choices may not look or sound as good, but are actually better for us. The older you get, the more times you will find people, who don't have the Holy Spirit living inside of them, trying to pressure you into making the choice that has something you gain right away, but keeps you from God's blessings, and may even be harmful for you in ways you can't see at the time.

God loves you, and He can see things you can't see. He gave you His Spirit so that you won't be fooled into making bad choices. Make sure you pay attention to Him and do what will make you strong in your spirit, which is much more important than anything else you can choose. Read James 1:5 for an awesome promise from God.

## Marriage Tip by Teresa Stamman

Make it a priority to have some fun together! With today's hectic schedules, it's easy to find your marriage at the bottom of the priority list. Take a walk and hold hands (nature is calming), couple-cook (food fight!), exercise together (play tennis, golf or go to the gym), or just collect a "daily joke" to share. It doesn't have to be expensive, but if you make the commitment and effort to laugh together as often as possible, it can sweeten your connection and cement your relationship for life.

## Tom and Teresa's MISSION TRIPS

*Usually people stay from five to seven days. Feel free to come before I get there or stay longer.*

### Honduras

(Tom's days September 29 - October 1)

October  
(Tom's days October 6-8)

November  
(Tom's days November 23-25)

December  
(Tom's days December 28-31)

**Sports** "Champions keep playing until they get it right." - Billie Jean King

**Leadership** "Be a yardstick of quality. Some people aren't used to an environment where excellence is expected." - Steve Jobs

Study how Daniel, as a man with excellence, rose to great power and influence. Read Daniel chapters 1-6.

**Government** "Government's first duty is to protect the people, not run their lives." - Ronald Reagan

**Marriage** "No relationship is all sunshine, but two people can share one umbrella and survive the storm together."

Cattle barn roof

Guava harvest

Grass planted
