

# WISDOM FROM THE *Word*

## Scary Verses - Part 6

"Not everyone who says to me, 'Lord, Lord,' will enter the kingdom of heaven, but only the one who does the will of my Father who is in heaven. Many will say to me on that day, 'Lord, Lord, did we not prophesy in your name and in your name drive out demons and in your name perform many miracles?' Then I will tell them plainly, 'I never knew you. Away from me, you evildoers!'" Matthew 7:21-23

Notice these verses are directed to leaders who prophesy and do signs and wonders in the name of Jesus. There are two things that scare me.

- (1) They never knew Him.
- (2) They were workers of iniquity.

Jesus is not speaking to liberal and ungodly people. He is speaking to people who move in the miraculous. Who made this statement, "God is not a man, that He should lie, nor a son of man, that He should repent; Has He said, and will He not do it?" Numbers 23:19 This is good preaching, but unfortunately, it was stated by a very famous false prophet named Balaam. Psychics and sorcerers have power and secret knowledge, but the question is where do they get their power.

Notice, however, Jesus did not say "beware of prophets, but *"beware of false prophets."* Matthew 7:15 Don't throw the baby out with the bathwater. For example, the Bible says, "*Quench not the Spirit. Despise not prophesyings.*" 1 Thessalonians 5:19-20 We can stop the flow of the Holy Spirit by despising prophecy. We must also differentiate between someone making a mistake and someone being false. Paul said we see through a glass darkly and "*...we know in part, and we prophesy in part.*" 1 Corinthians 13:9 Nobody but God knows it all. In the first covenant, God spoke out loud or through angels or wrote things down on tablets. In the second covenant, God speaks quietly through our spirit. The only way to get a prophecy wrong in the first covenant was to deliberately falsify the truth. With the new covenant, it is more difficult to discern the flesh and the Spirit because God normally speaks through the small quiet, still voice. We should covet and earnestly desire spiritual gifts, and far more important is to desire a relationship with the living God.

Be aware of deception – God doesn't give you a pass just because He uses you in signs and wonders.

Paul said, "*...that I may know him and the power of his resurrection.*" Philippians 3:10

Hosea says we need to, "*...press on to know the LORD.*" Hosea 6:3

Jesus said, "*...what will it profit a man if he gains the whole world, and loses his own soul?*" Mark 8:36

It's important that we have the fruit and the gifts of the Spirit.

"Son of man, I have made you a watchman for the people of Israel; so hear the word I speak and give them warning from me. When I say to a wicked person, 'You will surely die,' and you do not warn them or speak out to dissuade them from their evil ways in order to save their life, that wicked person will die for their sin, and I will hold you accountable for their blood." Ezekiel 3:17-18

October 3-5 • November 13-15 • December 26-28  
January 18-20 • February 20-22 or 21-23 or 26-28

**Report from Teresa** Honduras is great. The children are doing so well. Now we have more missionaries who are teaching them to play music. Katrina taught Diego and Jefferson to play piano, and they are practicing every day. Diego played his first worship song. Rachel, a young lady, is teaching violin to Carlos, Omar and Jefferson. They are very excited to learn. Dustin continues to teach guitar to Antonio and Vanessa and choir to the girls.

Brian and Kathy are providing equine-assisted therapy which includes activities such as grooming, petting, and feeding. It's interesting to see the troubled children react and connect with the horse. We are excited about these therapies helping to change the children's behavior in a positive, powerful way. Also, they are doing journaling which helps the kids to connect with themselves and God.

We have another psychologist, a very good Christian lady, who is helping the kids tremendously by working one-on-one and in groups. We can see changes in the most problematic children. The ones that had bad grades and bad behavior are excited about changing and getting better grades.

Josh is always helping, making sure short-term missionaries are taken care of and projects are getting done. He works with Cindy, our missions coordinator, for all the trips. Lee, Josh and two Native American missionaries are working on the greenhouse. Our Native American friends are amazing! They brought their costumes and performed many dances for the kids.

We have an amazing staff that works as a team taking care of the whole City of Refuge. We have staff meetings every Monday morning. We also have meetings twice a week with the engineers where we discuss all the building projects and their progress.

**Testimonies from missionaries**

My name is Chelsea Hayes, and visiting IMI's orphanage was both my first mission trip and my first time leaving the country. I really enjoyed getting to know the people there, especially a few of the other missionaries. There were things I didn't expect, and the culture is a real eye-opener. On this mission trip, I learned lots of things about IMI and about myself. The children are children – sometimes sweet, sometimes sassy, but at IMI, they have a chance to be that – just children. Most of them wouldn't have that opportunity otherwise.

Hello, my name is Stacy Longoria, and I live in Whitewater, Wisconsin. My mission trip was a first for many things. It was the first time I was in Honduras, traveling by myself and being fully independent as a person, and it was my first mission trip with Impact Ministries International. Sincerely, this trip was eye-opening, fun, heart-warming, and impactful. I created so many bonds, with not only the children, God and Jesus Christ, but also with the workers and children. Each of the children have a story to share and dreams to accomplish.

**Mrs. International and the City of Refuge want to start a baby box ministry** Priscilla is the international representative a ministry that puts boxes in places where unwanted babies can be dropped off. This has become a very successful way to rescue babies in South Korea. The first week of July, they went to check out places to set up drop off boxes in Honduras. We will have a few locations in Comayagua. Please pray for the right babies to come to the City of Refuge.

**A dream come true** The first family who moved into our apartments is doing wonderful, and their daughter, who is about eight, is a princess for sure. She is well-adjusted. The second family has five children. Their kids are so cute. One of their sons did great in our wrestling tournament. They love our place.

**New family needs beds** The family of seven, coming from super poverty, has no beds. Currently, the children are sleeping on the floor. If you would like to help them out, write **beds** on your check.

**Thanks to our friends** This month, I brought a violin to Honduras. Now that we have two teachers teaching violin, we need more of them.

**Medical problem update** Nicole is doing great. She is so cuuute – long eyelashes! Wow! Her doctor bills are paid off.

October 2017

**Impact  
Ministries  
International**

**August mission trips** We were very blessed to have the following groups come to Honduras in August:

Lenny (Apache and Mexican) and his sixteen-year-old son, Caleb, came from Freeport, Illinois. Caleb started a business three years ago and saved his money to go on a mission trip. Wow! Lenny is a master carpenter and worked on the greenhouse. He also brought his Native American clothes and twice in two days danced Christian and Apache songs of worship. The kids and adults were amazed. Caleb played soccer, wrestled and worked on the greenhouse. He loved the trip and was teary-eyed when he had to leave. They want to come back. This is Lenny's second mission trip and Caleb's first.

Stacy langoria, who attended our meetings many times and received Christ, came to Honduras for the first time. She is a 21-year-old bilingual college student who is majoring in the Spanish language. Stacy loved playing with the girls and was used of God to interpret.

Kelcy, from Winnebago, Illinois, came to Honduras for the first time. She loves the horses, the children and building. Kelcy was a blessing to the whole ministry.

**Interns** We are blessed to have Rachel Kuriger, the daughter of Pastor Peter and Sonia Kuriger, some of our best friends who pastor in the neighboring town of Faribault, Minnesota. Years ago, Rachel gave us \$300 to buy goats. Her mother is full-blooded Honduran. Rachel is bilingual, and we are privileged to have her for two months. She is one of the sweetest, mature eighteen-year-old young ladies I have ever met. She has been here numerous times and is an asset to the City of Refuge. Rachel also is teaching the boys how to play violin.

Katrina just finished her stay and had to go home to Wisconsin to complete her college education. We miss her immensely and are hoping she comes back as soon as possible. She taught piano and was an incredible worker.

**Retirement village** Doug Mortenson from Stanwood, Washington, moved in June 12th. He is an answer to prayer. He is a Mr. Fix It. Doug just finished his three months and is returning home for one week, but, hallelujah, he is coming back! Doug is a positive and loving man.

**Our long-term missionaries**

**Joshua Otte** Joshua got his residency. Glory to God! What would we do without Joshua! He's almost perfect.

**Dustin and Meaghan Miller** Meaghan is back in the states taking care of her sister, and she brought her son. Meanwhile, Dustin is teaching music, leading worship and cooking. His daughters are now well-adjusted.

**Brian and Cathy Gray** Brian and Cathy are getting their residency so they can stay in Honduras permanently. They went back to the beautiful state of Colorado for one week and couldn't wait to get back home to Honduras. Brian and Cathy have been coming since the beginning. Brian has been here the fourth most of any person with IMI. They are graduates of Heidi Baker's ministry in Africa.

Lenny and Caleb

Dustin and the worship team

Play time

**IMI purchases a \$3,000 stove and oven**

The government insisted that we use modern cooking devices, so we were forced to buy a stove and oven that is stainless steel. But according to Romans 8:28, all things work together for the good, so this stove and oven saves us a lot of time and money. God is good!

**Laundry rooms** Since I was there in July, after two years of waiting, the girls now have a roof over their laundry area. We have also added another laundry area for the teen boys. This laundry area is finished. Among the things we take for granted are washing machines and dryers. In Honduras, we use washers and dryers only for the missionaries. The teen boys, teen girls, nursery, staff and young boys have laundry rooms, and the children wash their own clothes.

**In August, we replaced the wooden swing sets with metal ones** The termites had eaten up the wooden swing sets, and they were breaking. But Josue and Rodolfo have made incredible new swing sets that should last dozens of years.

**Art and music rooms** Now that the sidewalks and tile are done, the windows and doors have been ordered. We hope to have them installed in September, and then, we can start using these valuable rooms for the glory of God.

**To sponsor a poor child to go to school, it's \$20 per month or \$200 a year** 100% of the monies goes to the school and ZERO goes to Tom and Teresa. Sponsors will get updates and e-mails from the children. If you believe in education, then this is a great opportunity for you to help a child and change the world through bilingual Christian education.

**Help a child to go to college** We are so proud of our eldest daughter, Adriana. She is in her third year of college to become a doctor. IMI is looking for six sponsors for \$100 a month or two sponsors for \$300 a month or one sponsor for \$600 a month. Please pray about helping her become a doctor and mark **Adriana** on your check.

**Our engineers** have caught the vision of IMI and have made an amazing difference. Even though we pay out \$1,300 a month, we save on the cost of materials and labor and aren't making serious mistakes like those made in the past. They oversee all building projects, send me updated photos every Saturday and inspect the buildings daily.

**Mini-mall plans complete** We broke ground in July. This will make an incredible impact in the fourteen small towns of 20,000 people. We will be the only shopping center in this area. There will be seven stores, 17 feet by 26, which will probably include a pharmacy, clothing, furniture, hardware, agricultural and second-hand store, and one other. We will also have a mechanic shop that will sell auto and motorcycle parts. This will be a one and a half to two-year project. The strategy is to be self-sufficient.

**Teresa's dream for the City of Refuge**

Next year, we will start a ten-year project to build a 25,000-square-foot hospital. We will be able to accommodate more beds than any hospital in the state and the fifth largest city in Honduras.

**11,000-square-foot building** In September, the rains should cease so we can continue to work. The rain has made deep ruts in our road up the mountain. We have sent \$5,000 to fix the road. Once that is finished, we will send the dozers up to flatten the land and lay the foundation and platform. Our engineers are currently investigating using solar instead of conventional electricity. We have sent \$6,000 to get the land prepped to lay the cement. This building will be used for revival meetings, concerts, church, Bible camp, basketball, soccer and volleyball. Besides the bleachers, if we put the chairs in the court, we should be able to seat 800-plus people. My good friends have pledged \$40,000. (As of July 31, we have received \$30,000). This is a one- to three-year project. Go, God! Total Cost: \$275,000. Jehovah Jireh!

**Construction projects – contractor report**

**Omar** is working on the 200-bed dormitory. The roof and sidewalks are finished, and currently, in the month of September, he is finishing up all of the plaster. This building is huge. In September, October and November, we are sending \$5,000 each month to finish the electrical. In December and January, we foresee Omar laying 7,000 square feet of cement on the floor. Afterwards, he will be laying the tile, then doing the ceiling, followed by the painting...and, glory to God, we will be finished!

**Torres** On September 10th, Torres finished our third apartment. It is a beaut! Torres will be preparing land for the tractor barn/machine shed and also will begin to replace our sidewalks in the City of Refuge. These sidewalks are eight years old and are the ugliest part of our 250 acres. Go, God! In October, Torres should be able to start on the new multi-purpose building. The hospital project will be after that.

**Hernandez brothers** In August, they finished three important projects – the grocery store and bakery, the sidewalks for the art and music rooms, and the flooring for the mechanical shop. In September, the crew hopes to build the walls of the mechanical shop. During the next two years, they will be building the mini-mall which will create commerce, influence and jobs to help out people.

**Julio** is working on a number of projects. In August, he finished the tile in the grocery store/bakery. In September, he will finish the tile in the butcher shop and also the retaining walls of the pool. In October, Julio will continue with building a slide for the pool. He will also start building our house. Can you imagine having ninety employees and your place you live in is smaller than any of your ninety employees?

**Rodolfo and Josue** In August, they finished the roof and walls of a building that stores leftover materials. Before, the leftover materials would lay around and then be wasted. Our goal is nothing wasted. In late August, Rodolfo and Josue worked on fixing leaks in the school. They have also put the roof on the mechanical shop and finished the laundry areas.

**Tractor barn and machine shed will be built** To prevent damage by the harsh weather of heat and rain, we will build a tractor barn and a machine shed. Torres will be leveling some land and laying cement flooring. Then, we will have our welding team of Rodolfo and Josue build the walls and the roof.

**Corn and beans** The tractor broke down, and we lost a field of beans. Our goal is to have all eight sections growing corn and beans. Currently, we have only two planted.

**52-acre farm** We are having high protein grass seed, called Mombassa from Africa, planted on six of the eleven parcels. This will help produce more grass for our cattle. From August to November, we are clearing the remaining five parcels of land. Our six-month goal is to have all eleven parcels ready to be growing high-quality grass.

**We invested \$2,000 (new \$5,000) in a machine that plucks feathers** Every Saturday we butcher chickens. This will save us a lot of labor and money and make us more efficient. God is our provider. Hallelujah!

**Farm animals** We had another baby calf, and two of our mama pigs had babies in August.

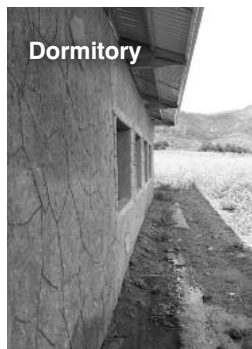

**Dream fulfilled** In our greenhouses, we are raising cucumbers, cauliflower, radishes, beets, tomatoes and cilantro. Both greenhouses are in full operation. Our goal is to build three more greenhouses to raise all of our own vegetables.

**Keeping a positive attitude** "Your positive action combined with positive thinking results in success." – Shiv Kherra

**Leadership** "Leadership is the capacity to translate vision into reality." – Warren Bennis

**It's true** "Too many people spend money they haven't earned to buy things they don't want to impress people they don't like." – Will Rogers

**Think about it** "Do you not know that God entrusted you with that money (all above what buys necessities for your families) to feed the hungry, to clothe the naked, to help the stranger, the widow, the fatherless; and indeed, as far as it will go, to relieve the wants of all mankind? How can you, how dare you, defraud the Lord by applying it to any other purpose." – John Wesley

**Destiny Center in Wisconsin – sixteen acres and over 40,000 square feet**

**of buildings** We made our third payment on August 15th. So far my partners and I have put in windows and sliding glass doors on the barn and cleaned the bird poop out of the top level of the barn. The 25,000-square-foot building is now cleaned. Hallelujah!

**Our goals** are to protect abused women and children • help dysfunctional people become functional • have conferences, become self-sufficient by raising dogs and gardens • board horses to earn money and to bring healing to the hurting • develop other streams of income to help orphanages.

**We need** your prayers of protection for wisdom and angelic help • finances to pay for building and remodeling • food, clothing, furniture, housewares, hygiene, toys and games • tractor to mow grass and plow snow • workers to volunteer and remodel the buildings (the former people trashed it) • decorators to make it beautiful • business partners to develop income streams and earn money • counselors • building supplies • and **YOU!** Contact **Tom** at **(612)202-6064**.

**Labor Day weekend** The crew cleaned the entire downstairs. They cleaned out all of the mold, with the exception of two rooms, and removed all hazardous objects hanging from the ceiling. One ceiling that was hanging down got scraped down and patched, and the ceiling of one bathroom was patched. The former owner took out supporting beams, so we have to put a new support beam in. The small barn has a new stage built. A path was plowed out around the property so that tours are quicker and people can get a better sense of the property potential. A crew came in and built a stage for concerts and events. A good brother came in and hooked up a lot of the electrical outlets that weren't working. *Thank you to all who helped!*

**We welcome one of our newest ministers to the IMI building team** Rev. Jon Sundstrom has risen up to take charge of the remodeling of the Destiny Center. Jon is revamping the roads and managing the building projects. If you want to come and volunteer to work at the Destiny Center, it is important to call **Jon** first at **(262)343-6419**.

Richie Bouchette is in charge of remodeling the 8000-square-foot barn. We are putting in two types of insulation. Phase one is \$5000 to get half of the barn insulated. The upstairs will be used for weddings and big meetings.

Rev. Nancy Nygard is an interior designer who will make this a destination place. The downstairs of the barn will have changing rooms, a food preparation area and a few hotel rooms. It will be designed with barn wood.

We are also blessed to work with Rev. Jon Sundstrom's wife, Melissa. Melissa has a master's degree in counseling, with an emphasis on helping those who have been abused by sex trafficking.

Pastor Jared came up with the name "*Pleasant Acres*", and the safe house will be called "*The Destiny Center*".

**Destiny Center plumbing and electrical** We hired Joe Hinke, from Richland Center, to come and fix the pipes and get the hot and cold water working on one wing of the building to house the ladies. For the first two weeks, the cost was nearly \$2,500. We thank God for the people who gave \$500 or more to make this happen: Dr. Jacob \* Jan Donaldson \* Verne Cole \* Nathan Trimble \* Cindy Harrington \* Clayton Holcomb \* Joe Schulz \* Nordstrom family \* New Life Fellowship in Tolna, North Dakota \* Christina Cole \* Mary Mottershead \* Jared Wagner \* Janis Carpenter \* Keith Maurer \* Janet Staloch. Joe has been hired to fix the plumbing, electrical, and heat for one of the wings. Thanks for helping make this possible.

**Major needs** Once we get one of the wings done, we will continue working on the upstairs. After that, we will be working on our kitchen in the basement. All financial gifts are needed. When we stand before God, we have to ask ourselves how will we answer for the tragedy of sex trafficking. We need • furniture • clothes, household goods and toys • outdoors – landscaping, planting, mulching, and fencing • indoors – drywall, painting, ceiling tiles, cleaning, plumbing and electrical, lumber and bathrooms. To volunteer, call **Tom** at **(612)202-6064**, and then, I will have you get a hold of **Jon**. The address is **W8741 County Rd. B, New Lisbon, Wisconsin**.

**Things accomplished at the Destiny Center** New door on the 25,000 square foot building • one very large room sheetrocked and taped • 110 feet on the inside wall studded • entire 25,000-square-foot building cleaned – it hadn't been used for seven years • my friend, Richie, put in a sliding glass door and windows in our barn to get it ready for weddings and events • landscaping in front of the large building • hot and cold water running to the shower • five toilets and sinks now have running water • lots of furniture donated – beds, chest of drawers, tables and chairs, and Christian books for the chapel. *Thank you!*

**Do you know** Impact Ministries International and their partners and ministers are working in Bangladesh, Belize, Bolivia, Cameroon, Congo, Guatemala, Guyana, India, Ireland, Liberia, Mexico, Nigeria, Norway, Peru, Philippines, Sierra Leone, South Sudan, Thailand, Uganda, UK, USA and, of course, Honduras. Over the years, we have either done mission trips, sponsored children, dug wells or ordained pastors in all of the above countries. Other places include Argentina, Belarus, Botswana, Bulgaria, Burma, Cambodia, Canada, Colombia, Costa Rica, Ethiopia, Germany, Ghana, Haiti, Israel, Jamaica, Kenya, Laos, Madagascar, Malaysia, Nicaragua, Norway, Pakistan, Panama, Poland, Rwanda, St. Lucia, Tanzania, Togo, Turkey, Ukraine, Vietnam and Zimbabwe.

**Ambassadorships** We need people to create awareness, raise finances, set up meetings and do marketing. Ambassadors work on a percentage basis. Call **Tom** for more information at **(612)202-6064**.

**Give it your best** "Always do your best. What you plant now, you will harvest later." – Og Mandino

This is essential

**CINNAMON OIL**

Cinnamon is one of the most popular spices for flavoring and medicinal uses. It originated in tropical Asia and was widely used in Sri Lanka and India. Now, the shrub is grown in almost every tropical region of the world. Cinnamon has been used in many cultures for treating a variety of health disorders, including diarrhea, arthritis, menstrual cramps, heavy menstruation, yeast infections, colds, flu, and digestive problems.

**Treats infections** Due to its antifungal, antiviral, antibacterial and antiseptic properties, cinnamon is effective for treating external as well as internal infections. It helps in destroying germs in the gall bladder and the bacteria in staph infections.

**Natural aphrodisiac** Poor circulation has negative effects contributing to low libido and erectile dysfunction. A major cause of low libido is aged, clogged arteries, making it difficult for the reproductive organs to receive enough blood, oxygen and nutrients. Compounds in cinnamon oil act like natural prescription drugs for erectile dysfunction. For example, Viagra works by influencing enzymes in the nitric oxide pathway to increase blood flow, but cinnamon oil works as a natural remedy.

**Controls blood sugar and insulin release** Cinnamon has positive effects on insulin release, which means it can help keep blood sugar stable and prevent chronic fatigue, moodiness, sugar craving, and overeating. Inhaling cinnamon essential oil can help keep cravings away and possibly make you feel full faster, too.

— **How to use** —

**Diffuse:** Cinnamon oil can be diffused throughout your home using a diffuser. You can also directly inhale the oil by sniffing it right out of the bottle or applying some to your skin and clothes and smelling it like a perfume.

**Topically:** You should always dilute cinnamon oil with a carrier oil, like coconut oil, in a 1:3 ratio before applying it directly to skin. Coconut oil has its own long list of benefits for skin and immunity, so these make a good combination.

**Internally:** The FDA recognizes cinnamon oil as safe for consumption, but ingesting any essential oil is ONLY recommended when you use a very high-quality oil from a reputable brand. (I use Doterra, and I love it.) This way you know exactly what you're getting (and avoiding). Look for oil that is therapeutic grade and organic, which ensures it has been tested and meets all criteria, plus it is free from chemical toxins, fillers or solvents. To use cinnamon oil internally, you can add one drop of oil to two teaspoons of honey or one cup of beverage, such as soy or rice milk or a fruit smoothie. You can also add a small amount (several drops) of cinnamon oil to recipes and avoid heating it to very high temperatures and cooking it too long because that depletes its antioxidants and active ingredients. Since it tastes like a very strong version of cinnamon spice, you can use the oil wherever you would use ground cinnamon.

*Now you can keep up to date on what is going on every week in Honduras.*

## Scrapbook Page

Doris was found wandering the streets at age seven and is fifteen now. Her family suffers from mental illness, and she has learning difficulties but is doing well. Doris likes to do dishes and sweep the floors; she is a very hard-working girl. She gave her first sermon at church this past Sunday and did a very good job. Doris loves being at the orphanage and is very friendly and happy. This very kind young lady loves to talk and share her heart for hours and always has something nice to say. She loves to help people and is very compassionate. Doris wants to be a social worker.

**Do you have a snowmobile, car, truck, furniture, etc. to donate?** Why not feed children with the things you have laying around your property? A good friend of ours donated a truck and we were able to feed a hundred children in one month. Call **Tom**, if you are interested, at **(612)202-6064**.

**Need a place to come and relax - for yourself, your family or your church?** Then we have the place for you! To book your bed-and-breakfast room, please contact **Tom** at **(612)202-6064**. We are located just off of I-35 between Faribault and Burnsville, Minnesota, only thirty minutes from Cabella's and Mall of America. Come to our home, get away and experience the presence of God. Plus, you will bless the orphans and bless our partners so they continue to be a blessing to IMI and us.

## Marriage Advice by Teresa Stamman Partnering with your mate

*In every argument, remember that there won't be a "winner" and a "loser". You are partners in everything, so you'll either win together or lose together. Work together to find a solution. Remember that a strong marriage rarely has two strong people at the same time. It's usually a husband and wife taking turns being strong for each other in the moments when the other feels weak.*

*"Live simply so others may simply live." Mother Teresa*

**GIVING OPPORTUNITIES**

**Legacy options** *What are you going to leave when you leave this place?*

*If you would like to designate money to a certain mission trip or project, please write a memo on your check or envelope, or fill out this form.*

**NEWS UPDATES**

**IMI conference** We had ministers and friends of IMI come from South Dakota, Minnesota, Illinois, Iowa, Wisconsin, Missouri,

Florida, Guatemala and Honduras. We had about 75 speakers and around 150 in attendance. Many lives were touched and people were greatly encouraged.

**God came through financially in a miraculous way** On the second day of the conference, we raised enough money (\$5000) to put the phase one electrical in our 200-bed dormitory in Honduras. The third day, our friends from Florida helped us raise enough money (\$5000) to begin moving dirt for our 25,000-square-foot hospital. We needed \$7,300 to fix our tractor and three of our vehicles in Honduras and guess what? Day three, we raised (I'm not kidding you) \$7,300. For the first time in a year, we have all five vehicles working. Remember last year a vehicle was stolen from us by our nephew, and despite a court order, we have never gotten the vehicle back. But God is good!!!

**At the IMI conference, we added new pastors** We ordained four new pastors in two new churches. Pastors Craig and Judy Marshall have a church in central Iowa, and they have joined the IMI family. They have been friends of mine for about ten years. We are blessed to also have two other long-term friends of ten years join IMI. Their names are Pastors Richard and JoAnn Chinander, and they are pastoring a church in Austin, Minnesota.

**New meetings in August** Brenda Gibson in Denver, IA; Stig and Angie Rahm in Lodi, WI; Pastor Steve Cassell in Pearl City and Lena, IL; Pastor Dan Leonard in Cornell, IL; Chet Bond in Claremont, MN; and Assembly of God in Mountain Lake, MN.

**IMI ministers who had me speak in August** Pastor Jenny Miller in Evansville, WI; Rev. Jason and Amy Lundmark in Martinton, IL; Mark Caraher in Carroll, IA; Pastor J.P. Olson in Prairie du Sac, WI; Sean Hart in Monmouth, IL; and Pastor Jerry Braunsdorf in St. Francis, WI.

**It's all about souls** People receiving Jesus as I recall: One to five in Denver, IA; Lodi, WI; Rice Lake, WI; Evansville, WI; Davenport, IA; Cornell, IL; Martinton, IL;

Carroll, IA; Shafer, WI; Amherst, WI; Plymouth, IN; Byron, IL; Mauston, WI; Claremont, MN; Mountain Lake, MN; Monmouth, IL; and St. Francis, WI. Six to ten in Norfolk, NE; River Falls, WI; Badger, IA; tent revival in Prairie du Sac, WI; Ankeny, IA; Epworth, IA; and Plymouth MN. Eleven to fifteen in Pearl City and Lena, IL; and St. Paul Park, MN.

**Investment** Invest in land, retirement apartments, housing, orchards, agricultural equipment, etc. Call **Tom** at (612)202-6064 more information.

**Give to Tom's day off** There have been NO monies donated for my day off in August, but I was given lots of encouragement to take time off. If I take a day off, then I will have to lay off three workers, and the way the government works in Honduras, they will get paid anyway. Our basic budget is \$2500 a day – average income through the mail and PayPal is \$1,000 and an average meeting brings in \$1,500, so I need \$1,500 in order to take one day off. Please write **Tom's day off** on your donation.

**Last month** Special thanks to my good friends Matthew and Irene Witt who gave me a day off in July. We went fishing, to a movie and out to eat at an Italian restaurant. Thanks, guys! We also thank Scott Scheurman for donating to Tom's day off.

**Sports quote** "If you can't outplay them, outwork them." – Ben Hogan

**General fund** ..... \$ \_\_\_\_\_

**Sponsoring children:**

- Sponsor a poor child for \$10 per month or \$120 per year in:
